

TEACH DOMESTIC SCIENCE

INSTRUCTOR FROM LA CROSSE, WIS., HIRED LAST EVENING.

Several New Teachers Added to the Teaching Force Last Evening.

Election of a large number of teachers for the high school for next year was realized at a special meeting of the school board, held last evening. Some of those elected are already here and hold positions, while several are new faces to La Grande. The domestic science department will be headed by Miss Alice M. Fruit of La Crosse, Wisconsin. Her recommendations warranted her selection from among a large list of applicants.

Other teachers named were: Mrs. Ruth Common, La Grande; Miss Ede Angst, La Grande; John Montgomery, Washington state; Kate Pixton, Cove; Naomi Williams, La Grande; Cecil Thompson, La Grande.

Plans Ready.
(Pending East Oregonian.)

In the window of the Taylor hardware store there is now being shown a topographic map of the branch asylum grounds, indicating the size and location of the buildings to be erected here by the state. The map has been a source of much interest today.

As previously announced, the branch asylum will consist of a group of buildings with the main administration building as the center. The ward buildings will lead back from the east and the west corners of the administration building and the entire group when completed will form a semi-circle with the front facing the north and the main line of the O.-W. R. & N. When all the buildings are completed they will have a combined frontage of 1100 feet.

In the opening between the group of buildings and the river will be located the power plant and the laundry, neither of which buildings are shown on the map. A spur will extend down through the rear of the grounds and this is indicated on the topographic map.

At this time the state will not erect all the building proposed for the

asylum. Work will first be undertaken upon the main administration building and upon the ward buildings that will connect immediately with that structure. The other ward buildings are to be erected as the attendance at the institution demands.

Soon to Be Busy.

"It is the intention of the state board to take up the construction of the buildings just as quickly as possible," says Captain Charles A. Manly, local superintendent for the board. "I understand that the plans will be completed by June 1. On May 28 the time will be up for filing a referendum petition against the appropriation and so it will then be possible for the state to proceed with the letting of contracts for the construction work."

The topographic map shown at the Taylor hardware store was made by Geary Kimbrell. The plans for the buildings were drawn by State Architect Knighton.

Former Empress Is 85

London, May 5.—The ex-Empress Eugenie, whom some writers are in the habit of speaking of at the most tragic figure in all modern history, reached her 85th birthday anniversary today and the occasion was marked by the receipt of congratulatory messages from kings and queens, statesmen, churchmen, scientists and other persons of distinction throughout Europe. In spite of her age she is in good health, and takes an active interest in everything around her.

Of Scotch and Spanish extraction, the former empress, in spite of the series of dramatic events which have clouded her life, is still a remarkably handsome woman, and she has still much of the charm that stirred the admiration of the spectators of her marriage with the Emperor Napoleon in Notre Dame.

Since 1880 Eugenie has resided at Farnborough Hill, Hants, in a great house, surrounded by venerable trees. Prior to taking up her residence at Farnborough she had lived at Chislehurst, where the emperor died, and which place she left because she could not obtain there the land for the build-

GEIBEL'S THE FAIR

ing of a mausoleum for her dead. Some 25 years ago she erected the buildings known as the church and abbey of St. Michael, which in 1896 she transferred to the monks.

Standing on the crown of the hill opposite her present residence Eugenie is able to see the place of sepulchre of her husband and son from her windows. To the mortuary chapel she goes daily to pray. There is an altar, before which a monk says mass with only one mortal auditor. Everyone else is excluded, while the unhappy wife and mother is within. An armchair is placed at the foot of each of the two sarcophagi wherein lie the remains of Napoleon III and the prince imperial, and first in one and then in the other the ex-empress often sits alone in prayer. Both tombs are decorated with floral wreaths and scattered flowers. Of the latter violets are the most numerous and some

of these are taken away as mementos by the visitors who are admitted when the ex-empress has gone.

The mausoleum was built by Eugenie at a total cost of over \$500,000. Behind the magnificent altar, on either side of which are the two granite sarcophagi, is a small door leading into the Benedictine abbey, and over this an arcosolium has recently been built into the wall. It was designed by French architects, and is of stone throughout. This new work forms the framework of a tomb which is unique in England, if not in the world. In this tomb the former empress will be interred when in the fullness of time she comes to die.

Medal for Donor of Medals.

Washington, May 5.—After having been paid homage by many rulers of the world and by the people of many nations, Andrew Carnegie today received what is declared to be the first honor ever conferred upon an individual by a group of nations. In the presence of the president of the United States, the diplomatic representatives of many countries, senators, representatives, judges and other high officials, the world famous philanthropist was this afternoon presented with a gold medal voted by the Pan-American conference held at Buenos Ayres last summer.

The formal presentation was made by John Barrett, chief of the International Bureau of American Republics. The diplomatic representatives of the various South and Central American republics embraced in the conference delivered brief addresses appropriate to the occasion. An inscription which appears on one side of the medal explains its importance. It reads, "Benefactor to Humanity." On the reverse side of the medal is engraved "The American Republics to Andrew Carnegie."

Notice of Street Improvement.

TO WHOM IT MAY CONCERN: Notice is hereby given that in pursuance of a resolution adopted by the common council of the city of La Grande, Oregon, on the 1st day of December, 1909, creating improvement district No. 10, and designating Greenwood avenue as such district, and in pursuance of a resolution adopted by said common council on the 12th day of April, 1911, whereby said council determined and declared its intention to improve all that portion of Greenwood street, in said improvement district as hereinafter described, by laying thereon macadam roadway 40 feet wide, the council will, ten days after the service of this notice upon the owners of the property affected and benefited

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store, Hill's drug store.

by such improvement, order that said above described improvement be made; that the boundaries of said district to be so improved are as follows: All that portion of Greenwood street from the north line of O. & W. R. R. to the south line of T avenue.

(A) And the property affected or benefited by said improvement is as follows:

All the west half of blocks 152, 149, 147, 123 and 120 and the east half of blocks 151, 149, 124 and 121, all of which Chaplin's addition to the city of La Grande, Oregon.

Notice is hereby further given that the council will levy a special assessment on all the property affected and benefited by such improvement for the purpose of paying for such improvement. That the estimated cost of such improvement is the sum of \$5,615.40. That the council will on the 17th day of May, 1911, meet at the council chamber at the hour of 8 o'clock p. m., to consider said estimated cost, and the levy of said assessment, when a hearing will be granted to any person feeling aggrieved by such assessment.
