A Play With a Lesson.

Many a man and woman, even here in La Grande, could glean valuable lessons from "The Spendthrift," as presented last evening at the Steward to an audience that was not large but appreciative, just the same. The plot is not particularly out of the ordinary. In fact it is so common that in its simplicity lies its strength. The fast living, going beyond one's means and disregard for home ties that have long since become a social problem, was fairly well solved and with striking lessons to all concerned. The story of the plot bristles with concentrated truths, worded so that everyone can understand them. "Aunt Gretchen" is somewhat of a "Touchstone" though manifestly not a fool for she denies the allegation. In her mouth the playwright places a line of argument and motherly advice that makes the play what it is. The cast, a small one, was well taken, for there were only three really essential roles and these were well handled.

At the Isis.

There are two pictures in the new program at the Isis which will repay anyone to go and see. "A Republican Marriage" by the Vitagraph Company, is a story of the French revolution with a strong dramatic grasp and historic interest.

Henri de la Croix an aristocrat of a proud and passionate disposition, has been brought up to look upon the peasants as little more than cattle. Bernard, a blacksmith, conceives a passion for her. She is storm stayed in an old hunting lodge, which is struck by lightning, and Bernard rescues her from the burning building. Her castle is besieged by the revolutionary soldiers. Bernard now a sergeant in the army, pleads for her, renounces his allegiance to the Republic, espouses her cause, and then chooses death with her rather than freedom without her.

"The Diver," Kalem, is a most interesting and educational film showing the deep sea diver and his apparatus in full working order. The scene ends up with a terrific submarine explosion, the picture showing the dynamite being laid in the water and then fired by electricity. It is the real thing, no fake.

The Arcade Features.

The feature film at the Arcade this change is a Vitagraph picture "The Shelling of the San Marcos" (formerly the battleship Texas). This vessel played an important part in the Spanish-American war, and by way of proving the destroying power of naval guns, it was placed in mid-ocean and in a few hours reduced to mere scrapiron. The picture is very entertaining and instructive. After the firing has ceased it gives you a close view of the battered and twisted old warrior.

This picture, together with a Biograph comedy, "Paradise Lost," and a Selig, entitled, "The Medallion," will run today and tomorrow.
