WHY IT IS DONE.

Our purpose in holding this contest is to acquaint the people of this section with the many far-famed makes of pianos we handle. The manufacturers of these pianos are convinced that this form of advertising is far more effective than spending large amounts in magazine and newspaper advertising, subsidizing concert pianists, etc., etc. We too, believe the best advertisement for a good piano is a satisfied customer, and we believe, further, that the advertising allowance should go to the person who buys a piano. We want everyone to know that ours are the only stores in the west that sell the famous Chickering the oldest and most expensive of American pianos; the beautiful toned Sohmer; the now celebrated Lester of Philadelphia; the world-renowned Kimball (given the highest grand award at the Chicago exposition, and again at the Seattle exposition last year), the genuine Decker, and our own Eilers' Orchestral Piano, as well as the famous Autopiano, which every one can play without practice. The Steger pianos, the Bush & Gerts, and the H. P. Nelson pianos also are sold only by us. And we want everyone to know that we sell these fine dependable makes of instruments for less than they are obtainable elsewhere.
