state, spent last night in the city with friends. She went to Elgin today and next Monday afternoon will meet with the lodge here.

J. M. Gassett, a prominent resident of Cove is at the Savoy this afternoon while looking after business in the city.

IMPERIAL CONVENTION AT LONDON NEXT WEEK.

London, May 20.—The arrival of the distinguished representatives of the self-governed British colonies to the Imperial Conference which is to be formally opened here next Monday has aroused intense interest in the important convales, which will probably continue until a few days before the coronation a month hence. Everything is in readiness for the conference which promises to be the most fruitful ever held. The last previous conference was held in 1907 and it was then provided that the meeting should be held every fourth year.

Every one of the dominions sent its representatives and in most cases they were accompanied by small parties consisting of members of their families and important officials. From Canada came Sir Wilfrid Laurier, prime minister, Sir Frederick Borden, minister for militia and defense, and Mr. Brodeur, minister of marine and fisheries, accompanied by their secretaries, Messrs. E. J. Lemaire, Charles L. Panet, and George C. Morrissett, and several ladies including Lady Borden and Miss Borden. From Australia came the Hon. A. Fisher, prime minister, the Hon. E. L. Batchelor, minister of external affairs; the Hon. G. F. Pearce, minister for defense, Mr. Ailes A. Hunt, U. M. G., secretary department of external affairs; Mr. G. T. Allen, I. S. O., secretary commonwealth treasury; Commander S. A. Petherbridge, secretary defense department; Mr. M. L. Shepherd, secretary to the prime minister, Mrs. Fisher, Mrs. Batchelor, Mrs. Ailes Hunt and Mrs. Shepherd.

The union of South Africa is represented by the prime minister, Gen. Louis Batha, Sir David Graff, the Hon. F. S. Malan, minister of education, Dr. W. E. Bok, secretary to the prime minister and interpreter, and several ladies. The delegation from New Zealand includes Sir J. G. Ward, K. C. M. G., the prime minister, the Hon. J. G. Findlay, K. G., Attorney General and colonial secretary and their wives. The government of New Zealand is represented by the prime minister, Sir Edward Morris, who is accompanied by a small party. As on the occasion of the imperial conference in 1907, the ministers and officials will be the guests of the government until the close of the conference. On the termination of the conference, the prime ministers will cease to be the guests of the government, but will remain in the Hotel Cecil, where they are quartered, as the guests of King George until after the coronation festivities.

Many questions of the greatest importance bearing upon the relations between the home government and the self-governing British dominions will be considered at the conference beginning next week. In answer to a request of the colonial office all the dominions, with the exception of Canada, sent in programs suggesting subjects to be considered at the conference. In its answer the Canadian government agreed to the discussion of any subject that may be brought up for consideration, adding merely that it would welcome suggestions looking to uniformity in the naturalization laws.

The British government will suggest the discussion of the following subjects: The position of British Indians in the dominions; labor exchange in relation to the dominions; uniform design for stamps; the arrangements for expulsion of undesirable aliens. New Zealand proposes the creation of an imperial council with representatives from all parts of the empire, a secretary of imperial affairs instead of a colonial secretary, separate departments for the dominions and crown colonies, and high commissioners raised to the status of ambassadors.

South Africa's amended proposals relate to the discouragement of shipping combines and a claim for a share of income tax on investments in the dominions. The union also proposes that wherever votes in favor of monetary contributions toward imperial naval defense are made by the overseas dominions, any naval service rendered or provision for local coast defenses made by such dominions with approval of the admiralty be borne on such votes, and that it is desirable to review the principles underlying the draft bill for imperial naturalization before its details are discussed further.

Newfoundland's program includes a proposition for a line of steamers subsidized by Great Britain, Canada and Newfoundland, to link the three closer

Special Offerings in Spring Millinery

215 Fir Street, La Grande, Ore.

together.
In addition to the subjects mentioned others of importance will come up for consideration, among them the publicity of proceedings; interchange of civil servants; the establishment of all "All Red" route around the world; the creation of an imperial court of appeals, the declaration of London and universal penny postage.

A BETTER SERVICE.
Elgin Deserves and Will Have a Modern, Up to Date Market.
(Elgin Recorder)

The purchase and consolidation of Elgin's two meat markets by the Grande Ronde Meat company means that Elgin is to have a food supply house equal in quality to any in the city of La Grande or elsewhere. We have had two shops equal to those generally kept in communities of this size. Now we are to have one market equal to the best. Many improvements are being made, chief of which is the installation of a refrigerator counter, where the goods intended for your table will be kept at an even temperature, and sheltered from the disease spread and filthy flies. The inside management of the shop has been entrusted to F. H. Van Leuven, a capable and obliging gentleman, while Jap Chandler will see that the best the country affords in the way of meat products finds its way to Elgin tables.
