WHEN A MAN BUYS CLOTHES

He goes to the store in which he has the greatest confidence. He does not judge stores by what they claim to do, but what they DO do. He goes to the store that he has learned always gives all or more than they promise. While some stores are always claiming to give unheard of values, it is quite often the case that some other store, not claiming so much, is really giving BETTER values. While we are firm believers in advertising, we know that men judge us mostly BY WHAT WE DO and not by what we say, hence we depend upon REAL GENUINE VALUE GIVING to get us customers and KEEP them. We want YOU.
