#### STUDENT SELLS CLAIM.

While Attending Whitman Academy, Umatilla Boy Grows Rich.

Pearsons Academy, Walla Walla, May 24—(Special)—Leverett Tallman, has just sold for \$3,000 cash a ranch that he owned in Umatilla county, Oregon. Tallman entered the academy three years ago and after completing his freshman work dropped out of school for two years and took up a government claim on Government mountain. He stayed on the claim for two years, proved up and got the property into fine condition. He re-entered the academy last fall, being two years behind his former classmates. His claim brought him \$3,000 cash a short time ago, however, so he doesn't mind having lost two years of school.

#### Membership Campaign Closes.

One hundred and fifty new members have been added to the membership role of the two local circles of the Women of Woodcraft and the circles at Sumpter, Union, Haines, North Powder and La Grande as the result of the membership campaign that has been carried on by Mrs. Margaret Roberts, special organizer, relates the Baker Herald.

It was to celebrate the close of the contest that a great jollification meeting was held last evening. The first part of the evening was given over to an examination of the work of the order at the hall. The first and third degrees were given by the team of Mystic circle, number 24, under the captaincy of Sister Bartlett and the second degree was given by Queens of the Forest circle, number 285, under the leadership of Sister Lena Howard.

The work was carried out without a hitch and in a spirit which explains the success of the efforts of Mrs. Roberts in her magnificent campaign.
