### WOMAN A MANIAC.

Molly Monroe of North La Grande is in Deplorable Mental State.

Insanity, assuming raving maniac proportions, and brought on, it is said, by too close study and consideration of a religious sect known as the "Tongues," or a sect related to Holy Rollerism, having headquarters in North La Grande, today caused the incarceration of Molly Monroe, a North Side resident. The lady was seized with raving attacks that made her arrest and incarceration difficult.

Her condition is worse, apparently, than the worst insane man's ravings ever sent to the county jail. Her sect has been holding meetings for several months occasionally, and it is said, often spoke in tongues.
