FAWCETT GIVES DECISION

ELGIN HAD NO RIGHT TO APPEAL DISPUTED GAME.

Can Be No Appeal on That Particular Issue Affirms Critic.

Roscoe Fawcett, sporting editor of the Portland Oregonian, to whom was referred the question of baseball law arising over filing of a protest by Elgin of a decision of Umpire Mullen, in the La Grande-Elgin game here two weeks ago, has handed down his opinion upholding La Grande's contentions in their entirety. Mr. Fawcett, deemed to be the best authority on baseball-dom on the coast, took considerable time in preparing the decision and in no instance does he allow room for an appeal. "There is no appeal from the decision of the umpire on balls and strikes," he writes, "and the scoring of the second La Grande man was due to a pure matter of negligence on the part of the Elgin team." It will be remembered that at the time the play came up the bases were full and with Kall at bat, three and two on him, Childers, who was on third, started for home as the last ball was delivered, and the umpire called it a ball which would force Childers to score and give Kall a base on balls. While the ball which was missed by the catcher, lay on the ground and the Elgin backstop was arguing with the umpire, Proe stole home.

Mr. Fawcett holds that if the umpire says Kall did not interfere with the catcher, and that Aubin was in the pitcher's box, which Elgin contradicts, there is nothing to do but take it. There is positively no appeal. President Crawford will hand down a formal decision on the appeal shortly.

Kitchen Comforts

Some real "needs" that make the busy housewife's work easier and pleasanter

Prices themselves convey little idea of quality. To appreciate values one must associate the price and the article to be sold. So we content ourselves when various grades and styles of an article are advertised, in merely giving a range of prices. No matter what you pay, we endeavor to give you more for your money than you can buy elsewhere. By buying in large quantities direct from the manufacturers, we are usually able to do this.

A good range is necessary in the kitchen. We have proven the Universal range to give uniform satisfaction, and we believe for all uses it is the best range made. All modern conveniences are found in this range, and some special features not shown in any other line. For instance:

Oven doors and reservoir tanks are lined with porcelain.

Duplex grate—burns both wood and coal. Adjustable sliding oven-damper gives perfect control of the heat in the oven.

Combination smoke-check and damper, controls fire and retains all the heat in flues and oven.

Universal ranges are easily kept clean, and will last a life-time.

Kitchen Cabinets—save the housewife many weary steps every day. They are arranged so that everything you can possibly need in your cooking is right at hand.

Has bins for flour and sugar, coffee and tea, jars for spices and extracts, drawers, metal covered work table with everything within reach, you can do most of your kitchen work sitting down.

The busy woman who has to keep on her feet all day, will appreciate these conveniences.

We probably have a greater selection of kitchen cabinets than any other store in La Grande. Prices \$25.00 to \$72.50.

Caloric Fireless Cookers, save time and fuel, and don't overheat the kitchen. They are zinc-lined, odorless, and easily cleaned. You can bake, stew or boil in these cookers—keep things hot or cold. After the food is placed in the cooker, it requires no further attention. Price \$19.00.

A snap in Power Washers. We made a lucky buy of motor-driven washers, and we are selling them considerably lower than usual—while they last. They will wash a tub-full of clothes in from three to five minutes, simply put clothes in the washer, turn the faucet and the machine does the work without work or rubbing on your part.

For those who haven't running water handy for motors, we have hand driven washers which are a great improvement on the slow, hand-rubbing, back-breaking method.

Washers, \$14.00 and \$16.50.

Not His Language.

Lord Robson, at the dinner of the Glamorgan society, told the story of a Welsh witness in a Glamorganshire case who, having been sworn to speak the truth, the whole truth and nothing but the truth, was asked if he could speak English or would like an interpreter. "No," he replied; "I can speak some English, but I cannot speak the truth, the whole truth, and nothing but the truth."—St. James Gazette.
