**1,500 MILES ON HORSEBACK.**  
**Young School Teacher to Make Trip With Father and Brothers.**  
 Spokane, Wash., June 7.—Fifteen hundred miles on horseback is the summer vacation trip, terminating at Phoenix, Ariz., upon which Miss Virginia Vance, a young school teacher, started from Konnewick, Wash., on the morning of June 1. Her father and brothers will accompany her in a covered wagon and carry supplies and camp equipment, while Mrs. Vance and two younger children are to travel by water and rail to Fresno, Cal., to remain there until next fall, when they

will join the rest of the family at Phoenix.  
 Miss Vance has decided upon a route to the southwest through Oregon, Nevada and Arizona by way of Pendleton to Lakeview, thence to Greater Lake and into Nevada, keeping near the California line and following the canyon of the Colorado river in Arizona. No efforts will be made to establish a record, nor will Miss Vance offer souvenirs or photographs for sale to cover the expenses of the trip, as is usually the case on similar tours. She has ample funds to carry her through, and, in addition, her father is a man of means.  
 The little party will sleep in the op-

en, cooking the meals at campfires and stopping occasionally to hunt and fish. It is also planned to make detours into the surrounding country along the California border.  
 "I have been planning this trip for a long time," Miss Vance said, "but the opportunity to make it was not offered until my parents decided to make their future home in Arizona. Of course, I expect to return to eastern Washington next fall, probably traveling through California, where I may make numerous stops."  
**Stillman-Whitman Wedding.**  
 San Francisco, Cal., June 7.—One of the largest and most fashionable wel-

dings of the season took place in Trinity church today, when Miss Mildred Whitney, daughter of the late Calvin E. Whitney of this city, became the bride of Ernest G. Stillman, son of James Stillman, the eminent New York banker. A large party of guests from New York attended the ceremony.  
**California Christian Endeavorers**  
 Santa Ana, Cal., June 7.—A host of enthusiastic young people from every part of the state invaded Santa Ana today for the annual convention of the Christian Endeavor societies of California. The sessions will last over Sunday. The large attendance and the attractive program combine

to give promise of one of the most successful conventions ever held by the organization in California.  
**Seymour Fights Trial.**  
 San Francisco, June 7.—Determined not to surrender the chieftanship of the San Francisco police, Chief Seymour today secured another writ preventing the police commissioners from proceeding with his trial set for this afternoon. New charges were filed by the police captain today. It is charged that Seymour failed to close gambling places reported to him.  
**To Present 1 Cent Postage Bill.**  
 Cleveland, O., June 7.—C. W. Bur-

rows, president of the National One Cent Postage association has just announced that President Taft and Postmaster General Hitchcock had assured him that the question of one cent postage would be presented at the next session of congress. The fight for higher magazine postage would be renewed he said.  
**Elks at Traverse City.**  
 Traverse City, Mich., June 7.—One of the largest crowds ever gathered in Traverse City was on hand today at the opening of the state convention of Elks. All the local lodges of Elks throughout the state of Michigan were represented by large delegations.
