GOVERNOR JUDSON HARMON OF OHIO

(Continued from Page Three.)

the federal government, which now amount to a billion dollars per year, cannot be fairly distributed. They are now collected by tariff and other taxes on consumption, and the enormous vested wealth of the country escapes. A few states have undertaken to tax incomes, but, as I am advised, with little success. Changes of legal residence

are too easy to make. The efficiency of a federal income tax has been proved. The levying of one would help secure the lowering of tariff taxes, so greatly and generally desired, while the people will watch more closely what is done with their money when they know they are paying taxes and how much."

SOME HARMON EPIGRAMS

Quit is always personal.
I would vote for a Republican for United States senator if the people by their votes declared for a Republican, and I would be proud to do it, for I would simply be doing the will of the people.
The party emblem in municipal elections is an aid to the ignorant and those who corrupt voters and no help to upright and intelligent electors. Both parties would be better off if they were kept out of purely municipal elections.
The people who support the government have to economize. Why should their public servants not do the same?
It is not the existence or discovery of wrongdoing that brings shame to a state, but failure to put a stop to it.
We must make the state government more broadly useful, for its powers are ample to grapple with many things which have been developed by new conditions.
There can be no relief so long as the interests which profit through tariff laws are allowed to frame them.
A lawyer's honor is his crown, and no hand but his own can ever dis-crown him.

SOME BIG BILLS A REAL GOVERNOR OBTAINED FOR PEOPLE IN OHIO

The Oregon plan of nominating and electing United States senators by direct vote of the people.
Placing the Ohio judiciary beyond the clutches of party bosses by electing all judges on nonpartisan ballots.
A workmen's compensation act, so that injured employees can get damages without expensive and tedious litigation.
A public utility commission with authority to regulate issues of stock, rates, mergers and service.
A corrupt practice act that will make vote buying in primaries and elections a dangerous undertaking.
A limited initiative and referendum for Ohio cities.
A central board of control for nineteen state institutions to take the place of nineteen separate boards of trustees with their corps of employees. This bill places subordinate employees in the institution under civil service.
A shorter ballot by abolishing boards of infirmity directors of three members each.
A reform of Ohio election laws to prevent corruption and fraud.
To have delegates to the 1912 Ohio constitutional convention nominated by petition only and elected on nonpartisan ballots.
To stimulate the agricultural industry by requiring agriculture to be taught in all Ohio village and country schools.
Ratification of the proposed income tax amendment to the federal constitution.
Memorializing congress to call a convention to provide for the direct election of United States senators.
Insuring the honest handling of all state money by depositing in banks under the competitive bidding plan.
Creating a fund of \$3,000,000 every year by general levy to give Ohio a system of improved roadways equal to the best in the world.
A complete reformation of tax laws that will put tax dodgers out of business and will compel corporations and owners of intangible property that have been dodging taxes to place their holdings on the duplicate the same as small property owners. Included in this is a 1 per cent tax levy limit bill.
Providing for the construction of a women's reformatory and placing all girls in the state correctional institutions under the control of a woman.
Public utilities bill, corrupt practices act and the initiative and referendum have passed both houses, but are in the hands of the conference committee. These bills will become laws in satisfactory form.

THE GOSSARD CORSETS.
They lace in front—as a result the abdomen is relieved of all pressure. Support is given, and deep breathing is encouraged.
They gently but surely compel a correct standing position and a graceful carriage.

BANKERS HEAR FINANCIERS

EASTERN CAPITALISTS ADDRESS OREGON BANKERS.

La Grande and Union Money Handlers Return From Convention.

Representatives of La Grande's bank have returned from Portland where they attended a meeting of Oregon bankers during the past week. Addresses by prominent eastern bankers, election of officers and transaction of routine business comprised a greater portion of the three-days session. Mr. Thompson, a well-known banker of Pendleton, was elected chairman of the executive committee, but in no other way was Eastern Oregon represented on the final slate of officers.

F. L. Meyers of the La Grande National bank and T. J. Scroggin of the United States National bank were in attendance and they returned this morning. E. T. Kaster, a well-known Union banker, was also in attendance.
