# 28 IRRIGATION PROJECTS

TOTAL ACREAGE INVOLVED IN  
WORK IS EXTENSIVE.

\$145,000,000 Is Computed Cost of Government Undertakings.

Washington, June 12.—A graphic statement of the vast extent of the government's irrigation projects and the success that attends their operation was made today by C. J. Blanchard, statistician of the reclamation service, who has returned from a tour of inspection.

"At the present time there are 28 projects in various stages of construction," said Blanchard. "The total acreage involved in these projects is 3,200,000 which will provide homes for approximately 320,000 persons on farms, and an equal number in cities, towns and villages within this area or in the neighborhood thereof, or a total of 640,000 people. The total area now under water is 1,000,000 acres, on which have been established approximately 14,000 families and an equal number have taken up their homes in the cities, towns and villages.

"The progress of the engineers has been rapid, notwithstanding isolated location of the principal engineering works from transportation and the many difficulties which have been encountered in the promotion of the work. Up to the present time the canal systems constructed have a total of 5,621 miles. Many of these canals carry whole rivers. Placed end to end they would reach from New York City to San Francisco and back to New Orleans. Tunnels having a total length of 16 miles have been excavated, mostly through mountains. The excavation of rock and earth amount to the enormous total of 66,000,000 cubic yards, or more than one-third of the yardage required for the Panama canal. Owing to the location of some of the principal works in regions heretofore inaccessible, the reclamation service has been compelled to construct 575 miles of wagon roads, some of which are in the most rugged country on this continent. The service has in operation 1,508 miles of telephones, 275 miles of transmission lines, and is furnishing power and light to municipal and manufacturing uses to seven cities and towns from its own power plants.

The investment of the government in the projects now under construction is \$62,268,000. The total computed cost of these projects when completed is \$145,000,000. The allotment to cover the work during the present fiscal year is \$10,000,000. This does not include the issue of \$20,000,000 in certificates, which will be available when required. "Using as a basis the present value per acre of irrigated land in the projects of the government with sufficient water right, it is conservative to state that the total value of all the land under these projects when irrigated will exceed \$320,000,000. These lands are virtually mortgaged to the government to repay the cost of the irrigation systems which is computed at \$145,000,000.

### Citation.

In the county court, for the county of Union, State of Oregon.

In the matter of the estate of Henry D. Coger, deceased.

To Mary C. Coger, Prentice W. Coger and Richard Coger and to all unknown parties interested in said estate. GREETING:

IN THE NAME OF THE STATE OF OREGON, you are hereby cited and required to appear in the county court of the state of Oregon, for the county of Union, at the court room thereof, at La Grande, in the county of Union, on Wednesday, the 5th day of July, 1911, at 10 o'clock, in the forenoon of that day, then and there to show cause if any there be, why the real estate of said estate, viz: Lots 9, 10 and 11 in block 6 of Grandy's addition to the city of La Grande, Oregon, should not be sold to pay claims against said estate and expenses of administration.

WITNESS, the Hon. J. C. Henry, judge of the county court of the state of Oregon, court for (Seal) the county of Union, with the seal of said affixed this 3rd day of June, 1911.

Attest: ED. WRIGHT, Clerk.  
Jun 5 12 19 26 Jul 3.

### Notice to Fishermen.

We, the undersigned legal inhabitants of the Grande Ronde river, living just below the Park dam, do hereby remonstrate against the practice of men and boys from the city of La Grande catching us without a license. We further object to the illegal use of grab hooks, by which means hundreds of our unsuspecting brethren are cruelly yanked over the bank, thereby breaking up family ties and causing untold misery to the rest of our tribe.

Who is the fish warden of this blooming town, anyhow. We would also like a little ladder over the dam to enable us to visit our relatives upstream once in a while, and on our return in the evening we could have a dandy slide down the ladder to home sweet home below the dam.

Signed,

TIMOTHY TROUT,  
SOLOMON SUCKER,  
SLIPPERY EEL.

### Happiest Girl in Lincoln.

A Lincoln, Neb., girl writes: "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.
