Money Invested in a Home Brings You Real Rewards

that cannot be measured alone in dollars and cents. There's satisfaction in knowing you have a home when possibly all other investments fail—it gives you a feeling of security and demands the recognition of your fellow townsmen, because by building you show your faith in the future of the community. And every community is known by its deeds. You can help and at the same time help yourself. A home investment is always the most meritorious, and loss is less likely because you are dealing in values you understand and with people you know. We have supplied the lumber for the homes of many of your friends who are now on the road to success, and want to talk with you whenever you're ready.
