

TEN-CENT FARE TO PARK

ARRANGEMENTS LOOKING TOWARD SUCCESS MADE.

Electric Lights Along Entire Approach Also Assured.

Every town within 100 miles of La Grande will be billed with second annual chautauqua posters, which have just come off the press. The towns in Wallowa, Umatilla and Baker counties especially will be so taken care of that every citizen in these counties will be more or less familiar with the nature of the chautauqua.

Many things that will go to make up a perfect chautauqua are now under way. The streets will be lighted with electric lights, a very desirable feature for night traffic to and from the grounds.

Arrangements for a 10-cent fare to the grounds are practically complete. Contracts have been let for the construction of auditorium, restaurant and ticket office buildings.

New driveways will be graded at the

park already made pretty with lagoons and bridges.

Splendid camping facilities are provided, for which early reservations should be made.

Beaver creek water will be piped to the grounds, insuring sanitary water supplies.

These are only a few of the attractions going to make the chautauqua a big success.

Australia Patterns Uncle Sam.

Washington, June 20.—(Special)—With the District of Columbia as a model, Australia is about to establish a federal district, which shall be under the control of the central government and shall include a city ranking with the finest in the world. All the legislation of the Commonwealth of Australia will be conducted and it will be the official residence of the governor-general.

Plans for the streets and parks and the designation of the sites for 36 public buildings, says a report from the United States consul, John F. Jewell, at Melbourne, have been thrown open to world-wide competition. Engineers, architects or geniuses of any profession or none at all, who feel that they can master the mammoth and fascinating problem may enter the contest.

The prizes to be given are: for the design first in merit, \$5,750; second, \$3,750 and third, \$2,500. Elaborate in-

formation will be furnished to persons of proper responsibility. This will include topography, rainfall and temperature of the federal capital and surrounding district.

Thirty-five public buildings to be erected and the specifications provide for an elaborate system of parks.

MASON OUTLINE NEW PLAN

WOULD HAVE ALL MASONS HAVE A BOY FRIEND.

"Make Companion of Some Boy" Is Admonition to Members.

Spokane, Wash., June 20.—(Special)

Members of the Masonic order throughout the northwest today are discussing the suggestion by Jeremiah Neterer of Bellingham, in his annual address as grand master at the 54th session of the grand lodge of Washington in Spokane, that each attract the confidence of a boy and direct him into ways of right. It is expected that most of the 175 lodges in state, with 16,500 members enrolled, will adopt the plan before the year is ended.

"I believe that if such a movement were launched by the Masons in this jurisdiction," Judge Neterer said, "intense would be the interest and great would be the result and pleasure in much constructive work in real character building."

"There exists a necessity for wholesome influence and fraternal co-operation in behalf of boys. The course of conduct and treatment of many boys at home and by the public should be changed. Worthy examples should be presented and wholesome sentiment created. You will see that the

This Store Sells Goods of Proven worth at Reasonable Prices

Starting twenty years ago, in a modest way, it has grown to its present size by selling merchandise of merit only, at prices that are always fair and reasonable. In our long business career in La Grande, we have learned by experience the various lines of household goods that give the most lasting satisfaction, and have retained only such lines as we can conscientiously recommend to our customers. Every article in this great store is sold with the understanding that it must prove just as represented, or your money back. Our terms are most liberal. Cash or credit.

LA GRANDE, OREGON

Our Certificates Draw 4 Per Cent Interest from Date

On June 20, 1911, a new course of public school music, has been added to the summer session curriculum at the Oregon Agricultural college this year, and Miss Mabel A. Garrett, supervisor of music at Baker, has been secured as instructor for the work.

Miss Garrett is a graduate of the Thomas school at Detroit, Mich., and has had considerable experience in music instruction since completing her work there. There will be no additional fee for the work, the only expense in the entire summer session's work, in addition to the cost of board and room, being the regular \$5.00 registration fee which covers the clerical expense of registration.

In connection with the public school music instruction, teachers may also secure training in methods of teaching public school drawing. Four courses will be offered, in line drawing, light and shade, water colors, and outdoor sketching.

PHARMICS HAVE FRAT AT O. A. C. Chapter of National Medico-Pharmic Society Installed.

Oregon Agricultural College, Corvallis, Ore., June 20.—(Special)—A chapter of the Kappa Psi fraternity to be known as Beta Zeta chapter, has just been installed at the Oregon agricultural college with a charter membership of 11 men.

Lyle V. Hendricks and A. Harry Nitschke of Eta chapter, Philadelphia College of Pharmacy, and Bert Pennington of Beta Gamma chapter, University of California, conducted the installation and initiation exercises, and were afterwards guests of honor at the installation banquet at the initiation banquet at the hotel Julian. They told something of the history of the society which, founded in 1879, is not only one of the oldest medico-pharmic fraternities in the country, but also one of the leading societies of its class, having in its membership many
