Money Invested in a Home Brings You Real Rewards

that cannot be measured alone in dollars and cents. There's satisfaction in knowing you have a home when possibly all other investments fail—it gives you a feeling of security and demands the recognition of your fellow townsmen, because by building you show your faith in the future of the community. And every community is known by its deeds. You can help and at the same time help yourself. A home investment is always the most meritorious, and loss is less likely because you are dealing in values you understand and with people you know. We have supplied the lumber for the homes of many of your friends who are now on the road to success, and want to talk with you whenever you're ready.

It's Good For What Ails You

Dont Swelter in a Hot Kitchen---

Cook With Electricity---

Electric ranges won't over-heat your kitchen. You can keep the windows open; range is draught-proof. You can cook better because you can regulate the heat of any part instantly and independently. You can cook quicker; heats up in a minute, and stays hot as long as you want it. Cook cleaner; no smoke, soot or ashes. Cook easier; stove regulates the heat automatically, and requires little attention. No fires to build or wood to carry in. Let us tell you about our special low rate which makes electricity cost about the same as wood. Another shipment is on the way, but the demand is heavy so we urge you to place your order now.
