UNION ROAD TO BE REPAIRED

RAILROAD COMMISSIONERS DEMAND BETTER ROADBED.

Members of Commission Walk Over Tracks From Junction to Union.

Railroad Commissioners Frank J. Miller and Thos. K. Campbell were in the city Wednesday and walked over the Central railroad from the junction to Union, says the Union Republican. Mr. Miller informs the Republican that they consider the Central road-bed dangerous and that the same must be repaired under their order or the matter will be placed in the hands of the attorney general and the road turned over to a receiver. The commissioners are emphatic in the statement that the road must be fixed up in condition for safe travel.

Supt. England has assured the members of the railroad commission that their orders will be complied with, and one of the objects of the present week was to ascertain if possible why the work has not been done within the prescribed 60 days.

TROY GRANGES MEET.

Master Huffman of Union Attends Big Meeting in Sister County.

Nearly 500 members of the grange and visitors attended the picnic held at Troy Saturday, June 10, says the Enterprise Chieftan. The picnic was held under the supervision of Pioneer Grange 401 of Troy. Large delegations were present from Flora and Paradise. W. R. Gekeler, state organizer, and C. D. Huffman, master of the Union county Pomona grange, were in attendance and gave addresses on the work.

A good program consisting of music, recitations and papers was furnished, followed by a ball game between Flora and Troy, resulting in a victory for the latter. A dance was given in the evening. The granges made such a success of their first picnic that they have decided to make it an annual event.

BIG DANCE ON THE FOURTH.

G. M. Richey Donates New Building to Use of the Committee.

There will be a public dance in the new Richey building on the night of July Fourth, according to agreements reached last evening. G. M. Richey, owner of the new building has given the use of the first floor to the committee for use that night, and the celebration committee will conduct a dance there which the society ladies and lassies will attend. The floor will have been completed by that time so that dancing will be possible. Ten cents will be charged for each number.

Cross of Ephesus.

Ephesus was one of the twelve Ionic cities of Asia Minor, and was situated in Lydia, west the mouth of the river Cayster. According to Strabo, it was founded by Androchus, son of Codrus. It ultimately came into possession of the Romans, and in the time of Augustus it was the greatest place of trade of all the cities of Asia west of the Taurus. St. Paul resided there three years, but the destruction of its great temple by the Goths in 260 A. D. gave it a blow from which it never recovered. This was the famous temple of Diana. Near the western extremity of the town are still to be seen some massive structures, which have since 1808 been carefully excavated. It is now certain that these stand on the famous temple site.

A Famous Windmill.

Nantucket possesses what is believed to be the oldest windmill for grinding grain in actual operation in America. Nathan Wilbur, a Nantucket sailor, who had seen the busy windmills of Holland as he sailed abroad, built it out of timbers of wrecked ships in 1746. There has never been a day in all the 165 years since that time when the mill has not been busy. There is always a wind to turn its outstretched wings.
