AERIAL NAVIGATION LAWS MADE

Charles F. Walsh, coming to La Grande July 8th and 9th, says aviation is a great attraction and now they are making laws to govern the bird-men.

The first bills governing aerial highways have been introduced in the California legislature at Sacramento by Assemblyman Fitzgerald in the assembly and by Senator Wolfe in the

senate. They were prepared under the guidance of the Pacific Aero club, at San Francisco, and provide first for the designation of aeroplanes as "motor vehicles," the registering of such vehicles with the secretary of state and the taking out of a license number, to be displayed as on the automobile.

The bills also contain a clause re-

garding the carrying of lights. It is provided that all aeroplanes shall carry "at least four lights, one in the center of the vehicle in front of the driver, one at the extreme rear, and one at each end of the lifting planes, these last two to be, one red and one green, the red light to be placed at the end of the right plane, and the green at the end of the left plane."

It would seem that the legislators of California take it for granted that the type of the every-day air vehicle will be the biplane, judging by the arrangement of the lights.

But these bills are not the only

 in these new Spring and Summer
 Suits at \$15 to \$27.50

Every suit we sell is such exceptional value at the price that once you wear one, we are sure of your future patronage. It will pay you well to investigate our claims.

See them, compare them with what you see elsewhere at higher prices and you will conclude that ours are their equal. Wear one and then you'll KNOW how well they wear and retain

their good appearance. Come let us SHOW you the great values. We will not urge you to buy. The values are so apparent WE don't have to sell them. THEY SELL THEMSELVES.

proposed legislation. The shooting clubs in California are urging legislation to govern shooting game from aeroplanes. They fear that the bird-men will chase the feathered tribe off their preserves, and make shooting from the ground more difficult than it is now.

Thus does the science of aviation progress.

**SWIMMING IS A
 FEATURE**

AT LEAST TENTATIVELY ARRANGED FOR CHAUTAUQUA

Miss Mildred Tracy, Expert Physical Culture Instructor Considered.

What will afford ladies of La Grande a splendid opportunity to be instructed in the art of swimming—a pastime much in popularity now because of the splendid facilities provided—was tentatively arranged for last evening when at a meeting of the Chautauqua general committee Miss Mildred Tracy, instructor of athletics and gymnasium work at Helena, and exceptionally well qualified for the position was considered for the place. It is the plan of the committee, if Miss Tracy is finally employed, to give a course of instruction each day with practical demonstrations by Miss Tracy. To these classes all women and children and men, too, can be taught the essential strokes, beginning with the simple strokes and continuing through a course of instructions that will give the beginners sufficient knowledge of the art to perfect it by practice.

There are so many ladies in La Grande anxious to join such a class that there seems little question but that the department will be one of intense interest during Chautauqua week.

Negro Woman in Jail.

A negro woman was placed in jail last night for being drunk. In lieu of funds to pay her fine, she was held in the city jail today and tonight will be shown the derelict of Walla Walla and told to move on.

Fined for Fighting.

Frank Shaw and "Tom" Thompson, two well known colored gentlemen of the city were fined \$10 each in police court today by Judge Humphreys for participating in a fight. Both pleaded guilty, affirming, however, that a white man started the trouble and they merely defended themselves.

WHERE DO YOU GET YOUR DENTAL WORK DONE?

Do you realize that the dental profession is making great strides in the matter of treating the conditions of the oral cavity, one of the most important parts of the human anatomy? If you can get your dental work done in a way that not only pleases you in appearance but in a manner that makes it easy for you physically, leaves your nervous system in as good condition when you leave the office as when you came, you would not have that fear of having your teeth taken care of in time. Would you rather have your dental work done by a man who is rough in his work or one who has as much consideration for your feelings as he has for his own. We undertake to make it good.
