WHERE DO YOU GET YOUR DENTAL WORK DONE?

Do you realize that the dental profession is making great strides in the matter of treating the conditions of the oral cavity, one of the most important parts of the human anatomy? If you can get your dental work done in a way that not only pleases you in appearance but in a manner that makes it easy for you physically, leaves your nervous system in as good condition when you leave the office as when you came, you would not have that fear of having your teeth taken care of in time. Would you rather have your dental work done by a man who is rough in his work or one who has as much consideration for your feelings as he has for his own. We undertake to make good.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Spanking requires careful treatment. See, quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by all dealers.
