

GREAT CROWDS VERY ORDERLY

DAY AND NIGHT PASS WITH ONLY TWO ARRESTS.

Crowd Exemplar in Every Respect—Best in Score of Years.

In 21 years of police duty in La Grande, Chief of Police Walden has not seen a more orderly crowd than yesterday thronged the street of La Grande and crowded about the contesting ball games. Two arrests were made. Loggers who come to camp only occasionally are general conceded to have in their numbers men who "celebrate" but of the crews from the many mills within a radius of 40 miles of La Grande not a one came up against the arms of the law and the same thing is true of all the various branches of the cosmopolitan crowd. The streets were void of intoxicated people.

During the ball game there was absolutely no need of police; not a word was spoken in the heat of the excitement that was out of place and not a semblance of intoxication was seen anywhere. I was not a celebration that was without trace of vulgarity or drunkenness.

NO ACCIDENTS TO MAR 4TH

DAY PASSES WITHOUT A SINGLE INJURY OF MOMENT.

Slight Accident to Goose Pulling Contestant Only Incident of Regret.

Except for a slight accident attending the goose pulling contest in which a La Grande man named Ream was slightly hurt, the Fourth of July celebration yesterday was unmarred by accidents. The moderate use of firecrackers passed over without a single case of injury, at least none have been reported to the physicians of the city.

The handling of the large crowd was unusually good and with teams and automobiles winding and picking their way through the dense throng, it was indeed remarkable that the day should pass without a single injury being inflicted.

Happiest Girl in Lincoln.
A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and get better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

YOUNGSTERS WIN RACES

GO INTO WET TEST WITHOUT PREVIOUS EXPERIENCE.

One Race Conceded, One Tied and One Won Outright.

La Grande's honors at speed racing with hose carts and stringing hose and playing a stream commonly designated as a wet test, were upheld yesterday by the Blue Mountain association, an organization of young boys of high school age and under, who were called upon to compete in the wet test against the Union team with but a moment's notice. To run a dead heat with Union in the speed race in :24 1-5 for the 200 yards in the forenoon, to run the same distance at 2 o'clock in 24 flat, and to win from Union in the wet test in rather slow time because the Union team experienced a blow-off was the record for one day. The B. M. A. had practiced somewhat diligently for the speed race but the wet test was done for the first time and the laying of hose was enacted very creditably, everything considered. The regular fire department team announced its retirement from the races the night before after having given considerable attention to practice. For this reason the B. M. A. entered the wet test.

George O'Neill and J. H. Peare assisted the B. M. A. in the wet test as hydrant and nozzle men respectively but when Mr. O'Neill lost his hold at a critical moment it was Joe Whitby

who saved the day and recovered so that O'Neill and he together could get water through. All the three races were pretty executed. In the afternoon race Union conceded victory to the B. M. A. because of the conflict with the ball game. The Union runners have been showered with congratulations for their efforts to play ball and run the races and conduct their band as a whole.

Five Killed in Collision.
Superior, Wis., July 5.—Five are reported killed in a head on collision of two Soo passenger trains near the Nemadji river bridge. Both engines were wrecked and a relief train is enroute.

PRETTIEST THING In My Home is a Macey Book Cabinet

To set one of the new Macey Book Cabinets in your home is to set before your children an example of such good taste that throughout all the days of their lives they will feel its refining influence.

Macey Book Cabinets are the first sectional bookcases ever built after the designs of the old masters. These old masters, Sheraton, Chippendale, Robert Adam and Fra Junipero, were as great in Furniture as Shakespeare in Literature, as Mozart in Music, as Michael Angelo in Painting.

The new Macey Book Cabinets are the only sectional bookcases that can be added to, both upward and sideways, and still not look like sectional bookcases, but like heirlooms of furniture. Can be taken from or rearranged without destroying their beauty and style.

So artful is the cabinet work that dealers frequently have to take them apart to convince customers that they are sectional.

Macey old master designs harmonize with any furniture you now have, and are made in such variety of popular prices, sizes, woods and finishes, that they fit any requirement of space or purse.

Macey Sectional Book Cabinets are built under the direction of Mr. O. H. L. Wernicke, the father of sectional bookcases and President of The Macey Company. Mr. Wernicke's name is still used in the corporate title of a competing firm, with which he has long since had no connection.

If you wish to give your home and your children the most inspiring influence you ever gave them, you will go to a furniture store and see these new Macey Book Cabinets before you forget it.
