COUNCIL HAS MUCH WORK

FIRST OF THE MONTH DETAILS TAKE UP TIME.

Two or Three Ordinances Passed—Other Details Attended to.

Eight councilmen the mayor and recorder last evening tussled for several hours with city problems, and transacted a great deal of work. It was the first meeting of the month, where bills and accounts are read and referred. An ordinance or two was passed, the one giving the mayor and recorder power to enter into a contract with the Smith Construction company for the construction of cement walks on Main avenue—a portion of the street having already been supplied with walks. Another ordinance empowers the mayor to appoint an assistant city engineer, an official greatly needed during the amount of work now being done.

The street committee reported that the trees in the Peare sidewalk line was still standing pending final action by the civil courts as the result of a temporary restraining order granted.

The matter of attending to the fume crossing North Second and Island streets was left to the street committee with power to act.

Big Pipe Now Solid.

Water Superintendent L. M. Hoy reported that he had a full pressure on the Second street 18-inch water main and with the exception of a few minor leaks, the pipe is now strong and useful. The work of tearing out the pipe and re-laying it was done under direction of the water superintendent who was handicapped by the fact that the pipe had been incorrectly laid in the first place.

Several street improvement notices will be published shortly in accordance with action taken by the council last evening.

RABBIES NOT PREVALENT

SPOKANE MAN HOLDS NO CASE FOUND IN THE WEST.

Something Entirely Different From Rabies Creates Fear Often.

Spokane, Wash., July 5.—Eighteen years' study of domestic animals has convinced J. E. Rudersdorf, manager of the Spokane Humane society, that the so-called mad dog cases, reported every summer in various parts of the United States and Canada, are nothing more than instances of poisoning, indigestion, stomach troubles and of mange. He declares here has never been an authenticated case of rabies west of the Mississippi river, saying also that scientific analysis of every reported case in other parts of the country has developed the fact that the affliction generally is poisoning, indigestion or some other ailment, but never rabies. "There has never been a case of rabies in the western country," he asserted "and I am prepared to prove this statement." Mr. Rudersdorf says the mad dog scare is sprung with regularity during the hot weather periods with the result that timid persons prefer climbing trees rather than pass a dog wagging its tail or acting otherwise than a modest puppy should during the summer months, adding: "It is to laugh."

Watch Your Kidneys.

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor. Mrs. H. W. Allen, Quincy, Ill., says: "About a year ago my kidneys began bothering me. I had a swelling in my ankles and limbs, then headaches and nervous dizzy spells, and later severe backaches. The doctors pronounced it series kidney trouble, and I was steadily getting worse when I began taking Foley Kidney Pills. Shortly after, the swellings went down and my pains began leaving me. I kept on taking them until I was once more freed of all kidney trouble and suffering. I have a great deal to thank Foley Kidney Pills for and shall always recommend them." At Hill's

MILLER HERE FOR 2 DAYS

COMES TOMORROW AND REMAINS OVER SATURDAY.

Famous Lecturer, Wit and Humorist to Entertain the Crowds.

DeWitt Miller, master of wit, humor and pathos, is tomorrow's feature attraction at the chautauqua grounds, following the number of Gabriel Maguire. Mr. Miller appears twice on the program, tomorrow evening and at 4 o'clock on Saturday, the day following. The chautauqua committee this morning said of Mr. Miller:

"Mr. Miller is so widely and favorably known that any commendation from the management is superfluous. Mr. Miller has delivered lectures in every state in the union and the demand for his services is such that almost every day in the year, summer and winter alike, is given to the work. He is acknowledged to be one of the most acceptable platform speakers of the age.

"The local management feels like congratulating themselves in securing the services of so capable and so eminent a speaker as is Mr. Miller. He is a master of his subjects and his subjects are legion. Wit and humor, pathos and eloquence, epigram and anecdotes are the working tools with which Mr. Miller achieves his results. "DeWitt Miller will present two lecture programs upon subjects to be announced later."
