Calendar for July 1911 showing days of the week and dates.

WONDERFUL WORK

Many of us who live in the interior country had read of successful flights of airships and in a way understood what one could expect from a bird man, but the comprehension was indeed entirely incomplete until one could see with their own eyes a flight.

Yesterday Aviator Walsh, after a partial failure the day previous, started his powerful motor in front of the grand stand in front of the ball park and the machine shot forward on the ground.

One feature of the entire event was disappointing. Thousands of people refused to assist in paying the expense of having such an event in La Grande.

The altercation that took place on the base ball grounds, while not serious or dangerous, was disgraceful. Such flare-ups cannot be allowed and the offender must be punished.

Judge Flenner, of Boise, will deliver

the Whitcomb Riley event at Chautauqua tonight and the judge is certainly the man for the job.

ROUND TABLE REAL TREAT

THAT DEPARTMENT CONTINUES EXTREMELY POPULAR.

Afternoon for the Best of the Week Arranged for.

The round table features of the chautauqua continue as popular as ever, and even more so.

This afternoon Dr. Seemann spoke on "The Land of Opportunity." It was a relating of his recent vacation experiences, including the great international Sunday school convention which he attended in San Francisco.

Tomorrow Dr. Underwood will give reminiscences of his work of eight years in the "Land of the Turk. His Harem and Nargileh." It will be worth much to hear him.

Wednesday at the W. C. T. U. hour the talk will be by Dr. Gillilan.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store—The Rexall Store.

Hills Drug Store.

NOTES FROM THE LABOR WORLD.

The average age at which factory employes begin work in Hungary and Spain is ten years.

In the Netherlands the predominant hours of labor in most industries are ten to 11 hours a day.

The Factory Workers' union in Germany increased its membership from 41,024 to 167,097 in the year 1910.

All the stationary firemen at Los Angeles, Cal., are now at work under union conditions as to hours and wages.

In the metal industries in Belgium nearly half the men work from nine to ten hours a day, and the majority of the rest ten to 11.

President T. W.

can Flint Glass Workers' union has sent out a circular letter to the Glass Bottle Blowers' association, a rival organization, making overtures for a settlement of the long fight between the two organizations.

The International Garment Workers of America will make an effort through the country to the end that in the next Labor day parades all who turn out, whether in uniform or otherwise, wear garments bearing the label of the Garment Workers' union.

The latest move on the part of the Canadian Pacific railway management is the displacement of colored employes and the introduction of Japanese.

The mass of French Canadians have been working on the farm and in the forests and almost entirely out of touch with industrial life in shops, mills or factories.

The International Association of Machinists recently reached an agreement with the Michigan Central Railroad company for an increase in wage rate now being 24 1-2 cents an hour flat rate.

Old Friends and New

Winning permanent, lasting friends is the work of time, and this bank numbers among its clients hundreds of banks and business houses with whom it has had close relations for a great part of the twenty-four years of its existence.

Our friends have helped to make this one of the largest and strongest banks in the West. We have helped in their making, too.

We welcome new friends and will attend to their wants with the same fidelity which has cemented our relations with our older ones.
