

Business School

Only College in Eastern Oregon

We are conducting a high grade school, offering instruction in the latest forms of Bookkeeping and Banking, such as Loose-leaf Ledgers with the Voucher System of accounting. The most substantial and well tried Systems of Shorthand are taught, together with the associated branches found in all well organized commercial colleges.

Write for catalog or call and see us. Special terms to those who will enroll prior to September fifth.

ST. PAUL WILL GET SHIPMENTS

LOCAL GROWN FRUIT COMMENDS ITSELF HIGHLY.

After Visiting Orchards, St. Paul Buyer Expresses Compliment.

Grande Ronde valley fruit is "all to the good" as the slang phrase goes, according to H. J. Stimson, a fruit buyer of St. Paul who will handle the Cove and other Grande Ronde valley products sold by David Clarke. Already three cars have been shipped to Mr. Stimson's firm and all that Mr. Clarke buys here will go back to the St. Paul distributors. While here Mr. Stimson has visited a great area of fruit centers and finds everything decidedly in excellent condition. The fruit is good and Mr. Stimson affirms that the markets will be good this year. This is especially true of high grade fruit such as is shipped out of this valley.

MILTON RUNS OPPOSITION.

Cove Blackberries to Be on Market in About Two Weeks.

Cove and La Grande blackberry growers are somewhat incensed at the action of Milton growers in coming here to solicit orders for blackberries. The home grown product will be on the market in full blast within about two weeks, and the growers can see no reason why they should be forced to sell their crops out of the county when the home market will handle the output provided the markets are not flooded by outside fruits. The quality cannot be better than home grown goods it is pointed out, and the public should bear in mind that this is a fact and patronize the home growers. The Milton dealers are said to be receiving a great many orders, all of which retards the business in their own community.

JOSEPH WATER QUESTION UP

RESTRAINING ORDER SUBJECT OF ARGUMENTS.

Ouster Suit Which Is to Be Filed in Preliminary Form

Action commenced by the city of Joseph about two weeks ago to prevent F. D. McCully of Joseph from selling water in what is popularly known as Old Town on the ground that his franchise has expired, had an inning before Circuit Judge Knowles yesterday. The Joseph water litigation is a complicated affair, having several individual cases wrapped about it and involved in several instances, but the case right now before the court and which will be put to issue in Enterprise, the next regular term of circuit court, is in reality an ouster proceeding, in which the city of Joseph attempts to prevent F. D. McCully from owning the plant which has furnished water there in the past, from operating his plant any longer.

About one year ago, the supreme court affirmed a lower court decision which held that Mr. McCully could not extend his pipes to what about that time being piped by the then organized municipal water plant in what was known as New town. The city contended, and was affirmed, that Mr. McCully could not sell water in the new addition to the town.

In the interim between that time and this month, the city has piped the entire district and now aims to oust Mr. McCully's plant entirely on the ground that the franchise has expired.

In accordance with this movement a temporary restraining order was granted the city, preventing Mr. McCully from selling anywhere in town, but about two weeks ago Mr. McCully took action to have the restraining order set aside, allowing him to sell water until the proceedings could be put to issue. This was done after he had

presented several affidavits bearing on the subject.

Yesterday, again, the case came up here when Joseph with a large number of contracting affidavits, attempted to again have the order set aside, leaving the matter as it was just prior to the last decision—with the old water plant out of commission.

Judge Knowles took the matter under advisement.

Pastors Build Church.

Spokane, Wash., July 27.—Fifteen pastors in hood carriers' garb and who were armed with saws and hammers,

raised and covered the rafters and boarded the front, rear and side walls of a building for the Minnehaha Methodist Episcopal church here by working from 9 o'clock in the morning until 5 o'clock in the afternoon, with an intermission of one hour for lunch, which was served by the women of the congregation. John Ward, a journeyman carpenter, directed operations and was assisted by Rev. H. E. Greenig, pastor of the church. Rev. H. C. Kohr, pastor of Vincent church, flattened his forefinger in driving a nail, but continued work until the job was finished. Rev. Henry Brown, president of the Methodist Ministers' association, called to cheer the pastors, but did not assist them. The men of the cloth worked rapidly. Trained craftsmen will do the interior work and finishing and it is expected to have the building in readiness for dedication about the middle of August, when pastors from all over the Pacific northwest will be in attendance.
