RANGER PLACES TIMBER VALUE

MANY CAMPERS REPORT GOOD LUCK AT RONDOWA.

Palmer Camp to Be Moved Down River To Build Eight Mile Road.

Rondowa, July 29.—(Special)—Forest Ranger Tullen with his assistants has commenced the valuation of the timber along the right of way of the O-W. and he commences last Thursday morning. He will follow the Grande Ronde to its intersection of the Snake river.

There are a number of people camped along rivers and creeks and most of them come home with well filled baskets every night. Grouse and pheasants are very plentiful this year.

The Palmer Lumber company is preparing to move its main camp to the mouth of Howard creek, three miles southeast of here. They will build a logging road eight miles long up Howard creek in order to tap the fine timber on top of the hill.

Messrs. Dr. R. W. McKay and Murchison were camped at the Bloomer camp this week. They report fine fishing. Wilbur Brock was here a few days looking after his property interests.

FIRES SHOULD BE REPORTED

TELEGRAMS SHOULD BE SENT TO STATE FORESTER.

Many Fires Not Reported in Time to Prevent Much Damage.

The state forester advises the Observer that he is constantly getting notice through the daily press and from residents of the state of fires having gotten beyond control after several days' fighting, that have not been reported to his office until after becoming a menace to the neighborhood. He wishes to urge upon all the state fire wardens the necessity of reporting to him all fires as soon after being discovered as possible, instead of waiting until they become dangerous to life and property. One such fire has just been brought to his notice after having burned three weeks, that might have been controlled and probably entirely extinguished if reported earlier so that proper assistance could have been given.

Every state fire warden, or other persons, in case they are unable to get in touch with a state warden, should telephone or telegraph (collect) F. A. Elliott, state forester, Salem, Oregon, informing him of forest fires before they get beyond control.
