Opposite U. S. Land Office on Adams Avenue.

## PLUMBERS ON "THE CARPET"

COUNCIL ORDERS STRICT ENFORCEMENT OF ORDINANCE.

Much Important Matter Transacted at Busy Session Last Night.

Several plumbing firms in this city stand to lose their license unless they comply with the letter of the plumbing ordinance. Following a report by Plumbing Inspector L. M. Hoyt last night to the city council at its regular meeting that only one firm in the city had so far complied with the law, and that some have not paid all their license fees for the first six months, orders were voted that he proceed to enforce the ordinance. Some of the plumbers, it seems, do not secure permits to do plumbing, do not present their plans and specifications for new work, do not ask for inspection and in other words, are said to somewhat grossly ignore the plumbing ordinance.

This is said to be especially true where connections with the sewer now under construction is going on without permission. It requires proper vents and connections which the old plumbing systems may not include and when the connections are made without being reported to the inspector, there is no way to tell how many have been connected or to insist on proper vents and other regulations.

The petition by more than a score of taxpayers on M, N and O streets asking that the sewer plans be changed so that the alleys be used rather than the streets, a petition presented to the council a week ago, was reported adversely by the committee and the report was ratified later by the council. Some of the reasons why the sewer should not go through the alleys are that the cross sewer on Sixth street has already been laid under the paving and the manholes are in place, for center of the street sewer. The L. D. S. tabernacle would have to be undermined, the court house and the school house the same way. Several blocks in the district have no alleys at all.

The commissioners reported favorably and estimated the total cost for construction of sidewalks on Second street from H to C streets at \$407.90.

Favorable reports by the same commission were also made on H from Second to Fourth.

City Attorney Chas. E. Cochran reported his findings on the law in the issue between J. H. Peare and the city in which the former claims damage for not being able to reach his tract near the disposal tank because of city sewers obstructing the way. It appears that the claims are well grounded and it will be proposed to Mr. Peare that the amount involved be settled by a committee of disinterested parties.

Gravel thrown up in the digging of the disposal tank will be used, it is believed, to cover the exposed sections of the sewer in east La Grande. A committee of the council will investigate the feasibility of such action.

Residents of West La Grande in Block 8 and 9, want the sewer extended. Rights of way except in two instances have been secured and if all are provided there seems no question but what the extension will be made.

Wanted, a scavenger. Such is the advertising to go forth soon. F. E. Larkin applied for the position, when it became known that the former scavenger had resigned his badge, but the bids for bidders for the work will be published.

Residents on Third between Adams and Washington want the cement curbs installed. Their petition was referred.

The Fir street cement walk improvement district came in for a good deal of discussion. There are sections where comparatively new walks exist and again others where the walks are dangerous to life and limb. To reach some solution that will allow the good walks to remain and order the needed walks built and yet give those desiring it use of the bonding act is what the street committee was finally instructed to do. Bonding districts must be taken in their entirety and not in sections.

The gas franchise which expired by limitation some time ago will be declared null and void at the next meet-

ing because Mr. Lambert and trustees failed to commence work on the plant within the stipulated time.

Some arrangement will have to be made, reported City Engineer Curtiss, to provide sewer facilities to the wholesale and packing houses on Jefferson between Fir and Spruce streets. The system as present does not include these districts.

All those who have 'hooked on' to the sewer have done so without authority and stand to face some trouble. There are no records being kept and specific instructions were given Plumbing Inspector Hoyt to enforce this rule to the letter. Public notice will be given that no more connections with the incompleting sewer be made, will be issued at once. The property owner does so at some risk.

The council voted, with Councilmen Logsdon and Finley opposing, to send Fire Chief Jones to Vancouver, B. C., to attend the annual convention of northwest fire chiefs, to which all Oregon chiefs are invariably sent. He will be allowed \$100 for expenses.

### Boosts Because He Likes to.

Col. D. C. Collier, director general of the San Diego 1915 Panama-California exposition, serves without salary and pays his own expenses. That kind of a spirit is what is boosting San Diego to the front.

### RELIEF IS IN SIGHT, YORK & YORK CHINESE DOCTORS, CAN POSITIVELY CURE YOU.

These who are suffering from diseases which many other doctors have pronounced incurable, now have relief in sight. York & York, the famous Chinese doctors, are now located in Walla

Walla. These men, after years of study and research in China, were granted diplomas by the emperor, to pursue their practice of medicine.

For centuries the Chinese have been acknowledged leaders in the practice of medicine, and many wealthy people annually go to that country in search of relief for ailments which doctors of this country have pronounced incapable of permanent cure.

York & York use nothing but powerful roots and herbs of demonstrated medical value. These roots and herbs act gently on the system on direct contrast to medicines usually given.

They can be consulted without cost. Those residing out of the city can send for symptom blanks and free diagnosis will be given.

YORK & YORK MEDICINE CO.,  
10 W. Main St., Walla Walla, Wa.
