"The White Medicine Man"..... Selig Hypnotism and the superstitions of the Yuma Indians have a great deal to do with this story. It is wonderfully conceived. One of Selig's best.

"The Infant at Snakeville"..... Essayay

The stage coach leaves Mrs. Graham's baby with the cowboys. They are compelled to do the duties necessary to the infant's welfare. To see them attempt to do it is to scream.

"The New Cook"..... Kalem Papa throws his daughter's suitor out of doors, but said suitor returns in the disguise of a cook and is engaged by the irate parent. When he starts in to cook, "Look out, it's coming!" The would-be cook eventually wins out.

JUDGE PROFITS BY EXERCISE

SPOKANE ARBITER OF LEGAL TANGLES AN EXERCISER.

Points Out How He is Able to Enjoy Health at Advanced Age.

Spokane, Wash., Aug. 22.—(Special)

—Judge E. H. Sullivan, dean of the Spokane county superior court and exponent of the theory of violent muscular exercise as a check against the ravages of old age, declared at a meeting of the county bench and bar that he has solved the problem of how to grow young after passing the so-called prime-of-life period. Four years ago, when he started to develop the plan, he fixed his age limit at 100 years. Now he says he shall live 20 years longer, or 120 years. Judge

Sullivan is 61 years of age, but few men of 25 possess his activity and stamina. His body, arms and legs are as strong and supple as one would look for to an athlete in condition. One of his favorite feats is to touch the floor with his elbows without bending the knees. He pounds his body with bare hands several times a day, exercises care in food, sleeps eight hours at night and does nothing to controvert the laws of nature. He adduces evidence from his superior physical condition, his youthfulness and suppleness of muscle to substantiate the reasonableness of his theories, which he will gladly pass on to anyone.

Bar Harbor's Annual Horse Show.

Bar Harbor, Me., Aug. 22.—The golf links, the tennis courts and the yachts were deserted today for the field at Robin Hood park, where the annual Bar Harbor Horse show was opened under most promising conditions. In the quality and number of exhibits the show this year is the equal of many of the metropolitan exhibitions. The judging and awarding of prizes was begun this afternoon and will continue until the close of the show next Thursday.

Shoots 150 Rapids.

Spokane, Wash., Aug. 22.—(Special)

—Arnold Owen, a resident of Wallace, Idaho, who is making a trip from the heart of the Coeur d'Alene mining district to the Pacific ocean in a 14-foot cat-boat, has accomplished what no other man has ever attempted in successfully navigating the Spokane river, shooting more than 150 rapids in the stream, which has a fall of 1,280 feet in 128 miles. Owens seeks to prove that the Coeur d'Alene and Spokane rivers are navigable, notwithstanding the opinion of the war department to the contrary. He covered 200 miles between Wallace and Spokane in 10 days and expects to arrive at the mouth of the Columbia river on August 30th. Thought he has been in a number of tight places, Owen has met with no mishap so far. The small craft, however, shows the marks of many battles. The boat carries 65 square feet of sail, has an iron center board and rudder and is fitted with stout bars. Owen served under General Roberts at the relief of Ladysmith and campaigned during the entire war in South Africa and has sailed to almost every port in the world.
