CORSETS
They Live by Them

They lace in front. Think what that means—the classic back—correct poise—beautiful lines—ease of adjustment with absolute comfort. The proof is in the fitting.

ELECTRICITY KILLS MOTHS

Spokane Orchardists Hits Upon New Scheme.

Pests Attracted by Light Globe and Contact with Current.

Spokane, Wash., Aug. 26.—Electricity as an agency to destroy the codlin moth and other bug pests is the latest innovation introduced in modern apple orcharding in the Spokane valley, where W. M. Frost of Opportunity, Wash., and J. C. Lawrence, a practical grower of Spokane, last night what is declared to have been the first demonstration of its kind in the world. The test was made in a six-year-old orchard and more than a score of second-brood moths and many green apples were killed in a few moments.

The apparatus consists of a storage battery to charge the incandescent light globes, each of six candle power, which are coated with fine wire, coated with copper and tin alternately. Attracted by the bright lights in the trees, to which the globes are carried at the ends of a covered wire, the moths fly against the netting, complete the electric circuit and are instantly killed, the bodies falling to the globe.

Frost estimates that one battery to an acre of trees will keep the moths under control, thus eliminating the usual spraying and saving many dollars annually for help, equipment and fluid. He is now preparing to wire his orchard of 10 acres, containing 700 trees, and several neighbors, who witnessed the test, are doing likewise. It is reported that several thousand acres of bearing trees will be equipped with exterminators by next spring.

If commercial electric light wires are extended to the orchard tracts, as they are in many places in Washington, Idaho, Oregon and Montana, the expense of batteries may be saved by making direct connection. The cost of covering the globes with wire nets is a small item and any electrician can do the work.

Indians Want Land Back.

Spokane, Aug. 26.—Richard Adams a half-breed Delaware Indian, who represented the Choctaw tribe in a similar action and secured \$12,000,000 has been retained by the Nez Perce Indians of Northern Idaho to recover \$15,000,000 from the United States government for lands in various parts of the Northwest taken from them by federal authorities. This was decided upon at a council continuing several days at Lapwai agency, at which arrangements were also made to secure all the available data, to be used when the case is presented to the courts. At a council to take place in a few days at Lapwai agency a committee will be named by Silas Whitman, an educated Nez Perce Indian, to assist Adams in compiling a list of the lands claimed by the tribesmen. Adams has expressed confidence in winning the case and has undertaken the work on a contingent fee of 10 per cent of the amount awarded in the event the justice of the claim is established, otherwise he is not to receive a penny from the Indians for his efforts in their behalf.

Aged Couple Married.

Spokane, Wash., Aug. 26.—David P. Robie, 70 years of age, a retired blacksmith, living at Greenacres, Wn., and Mrs. Sarah J. Crocker, 63 years of age, living in Spokane, and owning valuable real estate property in and near Indianapolis and other parts of Indiana, were married in the Spokane county court house yesterday, the service being read by Justice S. C. Hyde, who represented eastern Washington in congress in territorial days. Mrs. Blanche Johnson, daughter of the bride, and Miss S. E. Robie, daughter of the bridegroom, witnessed the ceremony. Robie, who is a native of New Hampshire, came to the Spokane district more than 35 years ago and participated in the development of this part of eastern Washington. He owns a large apple orchard at Greenacres, in the Spokane valley, and is interested in several other industries. Mr. and Mrs. Robie now are preparing for a trip to the middle-western states and will pass some time in Indiana, going afterward to Manchester and other cities in New

Hampshire to visit the scenes of the bridegroom's boyhood.

For Sale.
