DILEMMA FACES IDAHO DISTRICT

SCHOOL TEACHERS WITH CHILDREN WANTED BADLY.

Spokane News Items of General Interest to Readers.

Spokane, Wash., Sept. 1.—Requirements that have never been named anywhere in the United States or the Dominion of Canada by a board of trustees looking to the welfare of the little red school house, are exacted in the Gordon district, Shoshone county, Idaho, 125 miles east of Spokane, where the teacher qualifying for the position must have four or more children. There is a legal reason for this stipulation, which, stripped of its verbiage, means that there is only one child of school age in the district.

The law requires the enrollment shall be not less than five. The district, which is in the heart of the richest land and silver producing country in the world, boasts of a new and fully equipped school house, a modern library and \$4,000 in surplus funds. The salary attached to the position is \$100. The district must lapse if the requirements are not carried out, and, as a last resort, the trustees are searching for a teacher to supply the pupils.

The Gordon district has been a sort of a family community for years. The children of two couples, A. Oswald and A. Mason, composed the enrollment until recently, when the Mason family moved to another part of the Northwest, leaving Oswald, his child, a teacher and two mining prospectors behind. The Mason family has four children. Four children of the school age are needed to take their places at school, else the school district will be abolished.

The trustees are in a quandary. They have sent out scouts to find a capable woman with sufficient family to make up the roll call, but so far none has qualified. They now appear ready to crowd youth and beauty and even a certain amount of efficiency into the background in an effort to perpetuate the district school.

HAIR HEALTH.

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "33" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "33" Hair Tonic not give entire satisfaction to the users, they would see fault in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to naturally fall out or if you have any scalp trouble, Rexall "33" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "33" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, HILL'S DRUG STORE.

Spokane, Wash., Sept. 1.—Six million dollars is to be expended by a Massachusetts syndicate in developing 8,000 horse power electrical energy at Kootenai Falls, Mont., for distribution in western Montana, northern Idaho and Northeastern Washington, according to J. A. Coram of Boston, who is in Spokane with his son, C. D. Coram, and Chandler M. Wood, counsel for the corporation. The plant will be located at a point about seven miles east of Troy, Idaho, and 11 miles west of Libby, Montana, the mile pipe line from the Kootenai river diverting 6,000 cubic second feet at 150 feet head. Mr. Coram estimated that two years will be required to complete the works, adding that it is planned to deliver power to the mining camps in Idaho, Montana and Washington and factories in Spokane and other cities as less cost than the present schedule. The principal power transmission lines will be as follows: Kalspell, Mont., 100 miles; Spokane, 90 miles; Wallace, Idaho, 60 miles; Sand Point, Idaho, 38 miles, and Republic, Wash., the new gold camp, 146 miles.

Spokane, Wash., Sept. 1.—Park commissioners of Spokane, headed by Aubrey Lee White, will have placed at their disposal \$1,000,000 for park sites, playgrounds and improvements as soon as the bonds are issued, the supreme court of the state of Washington having declared valid the election of May 3, 1910. Five hundred thousand dollars is to be expended in acquiring new park sites, upon which \$250,000 worth of improvements will be made, and \$250,000 has been set aside for playgrounds in various parts of the city. Every foot of improved park area in Spokane was secured through donations, and in the last two years several unimproved tracts have been acquired by purchase. The park system embraces between 750 and 800 acres. The park commissioners have pledged a park within 10 minutes walk of every home in Spokane. Harry J. Gibbon, secretary of the park commission, announces that work may begin before the close of September and will be pushed to completion. It is expected the bonds, to be placed on the market in 90 days, will be placed on the market in 90 days, will be taken by local banks.

Spokane, Wash., Sept. 1.—United States Senator Miles Poindexter of Spokane, who will accompany Gifford Pinchot, president of the National Conservation association, and several friends on a tour of Alaska in September, says he is desirous of becoming more familiar with the actual conditions in the territory and will investigate the practicability of these projects: Government construction of a railroad from the Alaska coal fields to Controller bay; opening of the coal fields by the government of the United States, and federal ownership of a line of steamships plying between Puget Sound and Alaska. It is announced here that Senator Poindexter and several progressive senators from the middle western states will present measures at the next session of congress to secure the foregoing legislation. In the event the investigation to be undertaken by the National Conservation association warrants such action, Senator Poindexter thinks this is the only recourse of the people of the United States to avoid the control of coal and transportation in Alaskan territory by monopoly.

Spokane, Wash., Sept. 1.—Georgia M. Martin, a native daughter of Minnesota, who began her railroad career at Missoula, Mont., four and a half years ago, claims the distinction of being the only woman on the continent occupying the position of chief clerk in the office of a master mechanic of a transcontinental system. Miss Martin, who is hardly out of her teens, is connected in the foregoing capacity in the office of Thomas J. Cutler, master mechanic of the Northern Pacific Railway company in Spokane. She has full charge when Cutler is on the road. Officials of the Spokane office are proud of her work, saying it equals that of the most efficient clerk on the road. Miss Martin fully understands the mechanism of the several locomotives "and," as one of the machinists at the round house put it, "she could give directions to put a big mogul together in a 'pinch.' She'll be boss of the job one of these fine days."

JESSE P. WEBB HANGS MONDAY

ONLY SALVATION IS COMMUTATION BY GOVERNOR.

Oregon Gallows to Be Put Into Action Again.

Portland, Or., Sept. 1.—Jesse P. Webb, the principal in the so-called "trunk" murderer which stirred this section of the country a year ago, will be executed at the state prison early in the coming week unless his sentence is commuted by Governor West. Webb has had two trials and an appeal for a third trial was denied by the supreme court. Governor West, after a careful review of the case, announced that he saw nothing that would warrant his interference with the sentence of the court. Consequently there is believed to be little or no hope for Webb to escape the gallows.

Webb was convicted of killing William A. Johnson in the new Grand Central hotel in this city a year ago last June. The victim was shot and then beaten to death with a black jack and his body stuffed into a trunk. The murdered man had arrived at the hotel a day or two before the crime from Spokane, in company with Webb and Mrs. Carrie Kersh, who subsequently was proved to be Webb's paramour.

Johnson had about \$1900 in his possession and it was to obtain this that the murder was committed. The evidence showed that after the murder Johnson's body was stuffed into a trunk, the murderer being assisted by the Kersh woman. The trunk was sent from the hotel to the railroad station for shipment to an interior point. At the station one of the employes noticed a pool of blood which had trickled from the trunk and it led to the discovery of the crime.

On the same day Webb and Mrs. Kersh were taken into custody as they were returning from an automobile trip to a suburban resort. On Webb were found two watches, one of which was identified as belonging to Johnson, and two handkerchiefs, both being blood stained. On Mrs. Kersh was found most of the money taken from Johnson. The subsequent trials showed that Johnson's death had been planned by the couple with the object of robbery, Mrs. Kersh being the lure. The trial of Webb resulted in his conviction of murder in the first degree. The woman was found guilty of manslaughter and was sentenced to fifteen years in the penitentiary.

NOTICE.

Notice is hereby given that sealed bids will be received at the office of the undersigned for the construction of board walks on H avenue from Fourth street to Second street, and on Second street from H avenue to C avenue, same to be constructed in accordance with the plans and specifications on file in this office. The amount to be laid on the streets above mentioned can be had by applying to this office. Certified check for 5 per cent of the amount bid must accompany all proposals, which must be filed with the recorder before 5 o'clock p. m., September 6th, 1914. The council reserves the right to reject any and all bids.

C. M. HUMPHREYS,
City Recorder.

ACKNOWLEDGE IT.

La Grande Has to Bow to the Inevitable—Seofoes of Endorsements Prove It.

After reading the public statement of this fellow-sufferer given below you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. E. J. Meiners, 501 Lewis street, Pendleton, Oregon, says: "About two years ago a cold settled on my kidneys and caused backache and pains through my loins. I felt lame and sore and any moment such as stooping or lifting was accompanied by sharp twinges. While I was suffering, Doan's Kidney Pills were brought

to my attention and I procured a box. They gave me relief at once and I had not used them long before my trouble was entirely removed. I know that this remedy is one of great merit and consequently I do not hesitate to recommend it." (Statement given October 10, 1905.)

Time is the Test.

Mrs. Meiners was interviewed on May 17, 1910, and she said: "I still hold Doan's Kidney Pills in high esteem and I am pleased to again say a good word for them. I have taken this preparation recently and it has done good work."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Spokane: see the careful treatment. Keep quiet and apply Chamberlain's Liniment. It will remove the poisons and quickly restore the parts to a healthy condition. For sale by all dealers.

Hay Fever and Summer Colds MUST BE RELIEVED QUICKLY AND WE RECOMMEND

THE BEST SUBSTITUTE FOR SUNLIGHT

Electric light has been aptly termed "Bottled Sunlight." It gives the Sun's light without the Sun's heat. It is cool, clean, safe and sanitary.

It certainly is a great convenience to be able to have a bright steady light at your service anywhere or any time, just by pushing a button. Nothing to fill or clean—nothing to overturn or explode—absolutely safe.

Can you think of anything that will give you such perfect service at so little cost?

We'd be glad to talk it over with you. Phone Main 34, or call at our office.

Eastern Oregon Light & Power Co.
