### IS SHE CLOSE TO ROYALTY?

Stories from London that Emille Grigsby is a Chum of Princess Mary. The latest social sensation stirring New York and London has a touch of mystery. It concerns Miss Emille Grigsby, who was the protegee of the late Charles T. Yerkes, and to whom that gentleman of transportation tubes and high finance left \$1,000,000 and a beautiful mansion in Park avenue, New York.

The stories have it that Miss Grigsby now frequents Buckingham palace, that she is a chum of Princess Mary and a friend of Queen Mary, that she had a box at the coronation and that

MISS EMILIE GRIGSBY. she has had lords and ladies on her side in London, having, in short, scored distinct social successes.

On the other hand, it is said that her name has been mentioned in a single London newspaper, that she is not recognized by any of the elite in the British capital and that if she had any entrance into Buckingham palace it was a back stair entrance. The gossip is that she is the friend of a French woman who talks that language with Princess Mary and acts as French secretary to the queen and that through this friendship she has gained the ear of royalty. Much space has been devoted to the case in the New York newspapers, and the cables have sung with the tale.

For years Miss Grigsby has been unmercifully snubbed in both New York and London, despite the fact that she is beautiful, accomplished and rich. Now, if these reports are to be credited, she has reached the social heights at a bound, to the unspeakable disgust of the would be climbers who have been at such pains to "cut" her in the past.

### PERT PARAGRAPHS.

Some can learn a lot without ever getting wise.

His ability to forget is often one of the elements of a man's success in life.

It may be hard to get help, but you can always find some one to tell you how to do your work.

A good joke is one that your enemy laughs at when you tell it.

Art comes in touch with nature every time a woman makes her toilet.

As long as you have to pay the fiddler anyhow, wouldn't it be wise to learn to dance?

It is always easy enough to see how the other fellow might get along in a pinch, but as for ourselves, why that's another story.

Some cooks will soon be demanding that an aeroplane be on call at the back door or they will give notice that they will leave by the way of the street car.

People who follow a fad often find that it leads them into a very lonesome country.

Getting into the swim is apt to call for some swell bathing suits.

Every dog must have his day, but some want it all the year around.

# Pay By Check

If you have a checking account, the bank does your bookkeeping free of charge and renders you a statement of your receipts and expenditures whenever you ask for it.

Your cancelled checks are receipts for the bills you have paid. You need never pay a bill twice if you pay by check. The check is positive proof that you paid the money.

You cannot be robbed if you carry a check book instead of the actual money. You cannot lose your money by carelessness or fire if you keep it in the bank and pay by check.

If you have a check book in your pocket you always have the "right change," for you can make out a check for any odd amount. If you pay by check, people will see that you have a bank account and your credit will be greatly improved.

If you have a checking account at the bank, you will be given special consideration should you wish to borrow money.

Your money in the bank keeps the mills running, employs labor, and makes good and prosperous times for all.

If you have a checking account, you need not send money through the mails. You can send your check. If the check is lost your money is still safe in the bank.

If a check is stolen or forged, you do not lose anything. The bank is liable for forged checks if it pays them.

All check books, bank books, etc., are free and it costs you absolutely nothing to have a bank account.

If you have a checking account at the bank, you will always feel free to ask your banker for advice or for a recommendation. He will be glad to furnish either.

Nine-tenths of the business of the world is done by checks. Why not do yours that way?

The officers of this bank are at your service. They invite you to make this bank your business home.
