UNION MECCA FOR AUTOISTS

RUN TO THAT TOWN ON NIGHT OF SEPT. 20th.

Directors Transact Much Important Business Last Evening.

Union will become the center of the automobile universe, or rather that part of it within the contour described by the boundaries of Union county, on the evening of September 20 when the Motor club of Union county will arrange for a run to Union and prepare to banquet at that place. This action was taken last night by the Union County Motor Club directors who held a busy session, and was instigated by warm welcome from Union. The Union members backed by the live wires there, will receive the auto club owners in royal style, and hope to emulate the success of the last run to Hot Lake. The evenings are pleasant and the roads good; the result should be a large attendance of auto owners on that occasion. Further announcements as to the hours of the run will be made later.

ZEBRAS IN AFRICA.

They Are a Fearful Pest and a Menace to Civilization.

Zebra in Africa are a nuisance and a menace to civilization, according to John T. McCutcheon in "Hunting Adventures in the Big Game Country." He says:

Then there's the ubiquitous zebra, almost as numerous as the kongoni. You see vast herds of zebras at many places along the railway, and thereafter, as you roam about the level spots of east Africa, you are always running into herds of them. At first the sight of a herd of zebras is a surprise, for you have been accustomed to seeing them in the small numbers found in captivity. It is a source of passing wonder that these rare animals should be roaming about the suburbs of towns in hundred lots. You decide that it would be a shame to shoot a zebra and determine not to join in this heartless slaughter.

Later on your sentiments will undergo a change. Everybody will tell you that the zebra is a fearful pest and must be exterminated if civilization and progress are to continue. The zebra is absolutely useless, and efforts to domesticate him have been without good results. He tramps over the plains, breaks down fences, tears up the cultivated fields and really fulfills no mission in life save that of supplying the lions with food. As long as the zebras stay the lions will be there, but the settlers says that the lions are even preferable to the zebras.

Under the old game ordinance expiring December 15, 1909, a sportsman was allowed two zebras under his license. Under the new one he is allowed twenty! That reveals the attitude of east Africa toward the jaunty little striped pony.

THE TONIC OF VICTORY.

Army Surgeons Say It Acts Almost as an Anesthetic.

Bonnette, a French army surgeon, writes in the Presse Medicale of the extraordinary indifference to the pain of operation manifested by the soldiers of Napoleon while the great conqueror was sweeping victoriously over Europe. While the defeated soldier is full of imaginary terrors, subject to panic, madness and treason, the conqueror, on the other hand, is intoxicated with success, says the New York Medical Journal. Nothing, not even the morbid microbe, can resist troops who believe themselves to be invincible.

Victory is the most powerful of restoratives and deepest of anaesthetics. Legless members of the old guard crowded into an ambulance would at sight of the emperor rise on their stumps to salute him. After Eylau Larrey operated uninterruptedly for thirty-six hours, and he reports how the soldiers seemed unconscious of their own troubles, lost in thought of the glory of their leader, and, maimed as they were, lending their best aid to fellow patients.

At Borodino Larrey disarticulated the shoulder of a colonel, who immediately set out for France on foot, where he arrived after three months walking. After fording the Beresina, a river in Russia, General Zayonchek, seventy-five years old, had his kneecap shattered by a bullet. Amputation was performed in three minutes in a violent snowstorm and in bitterly cold weather, yet the white haired officer was placed in a sledge and taken to Vilna, where he died at the age of eighty-six years. Many similar anecdotes are told by our civil war veterans.

BABY SHOW ON SEPTEMBER 30

GOVERNOR WEST TO HELP PICK PRETTIEST TOT.

Two Prizes to Be Awarded by Lot and One by Judgment of Mere Man

The luckiest baby under one year of age; the luckiest baby between the years of one year and two years and the prettiest baby of all "on exhibit" will draw prizes at the baby show to be conducted in conjunction with the county fair on Saturday, September 30. Mrs. A. L. Richardson, chairman of the baby show committee, has opened the entry list, as it were, and from now on all parents wishing to compete for the prizes which are really valuable should notify Mrs. Richardson at once.

Three Prizes in All.

The show will be divided into three separate divisions and for the first two the prizes will be awarded by lot but the prettiest baby will be determined by the judgment of three men, one of whom will be Governor Oswald West who will be here on that date. Mrs. Richardson has not announced the other members of that committee. Cove, Union, North Powder, Elgin, Imbler, Summerville, Island City and La Grande babies are to be entered for the big event and the always popular adjunct to the county fair—which by the way is as fitting as a display of horseflesh, pumpkins or apples—indicates at this time an unusual amount of interest.

Woman and Banking.

The cashier of a bank which has many women depositors, in speaking of these customers, said that the stock stories about overdrawn accounts and ignorance as to bank methods had become pointless. Whatever may have been the case before, women give banks no more trouble now than men. "The woman who insists on drawing money when her balance has been exhausted because there are still blank checks in her book has disappeared, and in her place we have a woman who wants interest on her money and who knows what 'call money' means," said the cashier. Referring to the 'old kind,' he added: "One day we did have a real case. A woman rushed in, said she had just figured up her account and found she was \$500 short. Husband away—no other money—what could she do? She had brought jewels to leave as collateral security till he returned, and then we looked up the matter and found she had over \$500 to her credit."—New York Tribune.

Pay By Check

If you have a checking account, the bank does your bookkeeping free of charge and renders you a statement of your receipts and expenditures whenever you ask for it.

Your cancelled checks are receipts for the bills you have paid. You need never pay a bill twice if you pay by check. The check is positive proof that you paid the money.

You cannot be robbed if you carry a check book instead of the actual money. You cannot lose your money by carelessness or fire if you keep it in the bank and pay by check.

If you have a check book in your pocket you always have the "right change," for you can make out a check for any odd amount.

If you pay by check, people will see that you have a bank account and your credit will be greatly improved.

If you have a checking account at the bank, you will be given special consideration should you wish to borrow money.

Your money in the bank keeps the mills running, employs labor, and makes good and prosperous times for all.

If you have a checking account you need not send money through the mails. You can send your check. If the check is lost your money is still safe in the bank.

If a check is stolen or forged, you do not lose anything. The bank is liable for forged checks if it pays them.

All check books, banks books, etc., are free, and it costs you absolutely nothing to have a bank account.

If you have a checking account at the bank, you will always feel free to ask your banker for advice or for a recommendation. He will be glad to furnish either.

Nine-tenths of the business of the world is done by checks. Why not do yours that way?

The officers of this bank are at your service. They invite you to make this bank your business home.

YOU CAN OPEN AN ACCOUNT BY DEPOSITING ONE DOLLAR.

CITY REVOKES LICENSE.

Arthur Bass Suffers Loss of Right to Sell Soft Drinks.

Joseph, Ore., Sept. 12.—The city council last evening revoked the soft drink license of Arthur Bass, who has been conducting a pool room and soft drink emporium for some time past. The place has been under the surveillance of the council for some time, as it was rumored about town that liquor was being sold over the bar.

The matter came to a climax several days ago when the city marshal arrested Bass, a man named Upton, together with a crowd about the place.

HER HAIR GREW.

That's Why a Thankful Woman Recommends Parisian Sage.

The Newlin Drug company will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic made my hair start to grow in and, in fact, grew me a good fair amount of hair, and it has entirely stopped my hair falling out.

"It is with pleasure that I give a public recommendation to PARISIAN SAGE, which I know is a wonder." Mrs. Ella Gilchrist, W. Pitt St., Bedford, Pa.
