

The Isthmian THEATRE

"Flowers and Plants in Winter" Gaumont
A beautiful colored film showing wild plants and flowers in their natural tints.

"A Passing Fancy" Kosmik
Telling of an unfought duel and a physician's struggle between professional duty and his hatred for an enemy.

"A Cattleherder's Romance" Kalem
It's a great western story. Something out of the ordinary. You're bound to like it.

"The Return of the 'Widow Pogson's Husband'" Vitagraph
This is the best Vitagraph comedy released for a long time. Never flagging in interest and racy comedy. Oh, it is to laugh.
