Rally Day next Sunday at the Sunday school hour. Good lively songs. Besides a regular printed program one feature of the day will be roll call by classes. Each teacher will report the number enrolled, the number in attendance, the number of visitors and new scholars, the number of new scholars brought by members of the class, the personal work done by calls, phone and letters to get all members of the class out for rally day and an outline of policy for future work.

The school will then be divided into two classes and lined up on two sides of the room and a "bring one" and "brought one" button contest will be started to continue for two months. At the close of the contest the winning side is to be treated to ice cream and cake or other rich delicacies and the losing side is to have crackers and cheese.
