# GEIBEL'S

**SCHOOL COATS**  
\$2.50 to \$6.50

## COUNCIL HOLDS BUSY SESSION

REPORTS OF COMMITTEES AND OFFICERS READ.

Many Matters of Importance Gone Over With Care.

Reports of committees calling for numerous improvements in the way of sidewalk construction, introduction of an ordinance establishing the grade of about a dozen streets in East La Grande, and a big variety of other important business came before the first council meeting of the month, held last evening.

Reports of officers for the past month were read showing the city water department collected \$2,378.70 in water rent and the police department turned over \$300 in fines and costs and \$100 in license money.

A petition to have a board walk built from the new brick schoolhouse to the city limits was read and deferred. It was pointed out by the petitioners that many school children pass over this street and that it is in bad condition.

Several petitioners, most of whom own lodging or living room houses, ask that the water regulations be changed so that the house in which several families live shall pay, through the readings of one meter, what water is actually used; the rule now is that each family in the house must pay the minimum cost. This was referred to committee.

The hose house in South La Grande is to be equipped, through the requests of Councilman Orvis, with two windows, so that the hose can dry out without opening the doors. The city is also going to buy 1500 feet of hose, following the recommendation for such a move by Fire Chief Jones last night. Advertisements for bids will be published at once as the department is needing more hose right now.

It was reported to the council by Councilman Dunn that a great number of houses have been built this summer without proper permits and the street superintendent was ordered to enforce this ordinance to the letter. It means that no houses can be moved or any houses built without the permits, which cost but a trifle.

The committee to which was referred, some time ago, the petition of property owners on Seventh street—a muddy hole in the winter time—asking for permission to grade and gravel the street, reported last night. The committee recommends that macadam be placed on the street.

**Remonstrances Heard Saturday.**  
Next Saturday night will likely be an important evening for many property owners. The property owners on North Fir will appear to remonstrate against the laying of macadam for a distance of three blocks on that street. It is not expected that there will be any remonstrators for the petition for the macadam was so extensive as to include nearly all of the property owners. However, they will be given a chance to remonstrate on that occasion as the council will be

## STEWART THEATRE

Friday Evening, Oct. 6th at 8:15 O'clock.  
AN INTERESTING MOTION PICTURE ENTERTAINMENT FREE TO ALL AUTOMOBILISTS AND OTHERS INTERESTED

## From Tree to Tire

Complimentary Tickets May be Secured at all Auto and bicycle dealers  
You are cordially invited to attend a novel and interesting entertainment consisting of a series of motion picture vividly portraying those scenes of the great rubber forests of Brazil that have to do with the gathering of crude rubber by the native South American Indian. Also motion views of the operations necessary to build an automobile tire, starting with the crude material and working up to the finished product.

**ALSO FAMOUS ATLANTA AUTO RACES, ATLANTA SPEEDWAY**  
There is not a dull moment from start to finish of this entertainment, which takes about an hour to present. It does not constantly be appreciated and enjoyed by all. Doubly interesting of course to the user of automobile tires.

COME ALONG AND BRING YOUR FRIENDS.  
**THE B. F. GOODRICH COMPANY**  
325-7 BURNSIDE STREET, PORTLAND, OREGON.

in session on another matter.

**Sidewalk Questions Up.**

A matter that consumed considerable time in the discussion was the opening of the sidewalk on Fourth street to allow the hauling of dirt. Children are forced to go out in the street on their way to and from school and it was also pointed out that the gap in the street was dangerous. Su-

perintendent Stoner reported the matter in detail to the council and asked for authority to insist that all citizens be required to obtain permits for the placing of temporary obstructions on the sidewalk, or the removal of sections for specific purposes.

Contractors Mars was paid the balance due for the construction of the macadam on West Adams avenue.

## Ten reasons why you should invest in Cove lands

Land is selling at one-half its real value. It is particularly adapted for fruits and vegetables. Strawberries will net from \$100 to \$400 per acre. Raspberries will net \$100 to \$300 per acre. Blackberries will yield \$100 to \$300 per acre. Five to ten-year-old Cherry trees net from \$50 to \$300 per acre. Five to ten-year-old Pear trees net from \$50 to \$600 per acre. Five to ten-year-old Apple trees net from \$40 to \$400 per acre. \$250 invested today will return \$10,000 in ten years. DAVIS & FOYE will treat you right. Further information upon request.

## Growing

**I**N OUR BUSINESS, shows that still more people are opening accounts with us. We are daily adding new names to our already long list of depositors. There is a good reason for this. It is this: they have found that the road to wealth is by way of the bank account; and that we, by our uniformly conservative methods, our courteous treatment of our customers, our steady increase in strength, have proven that this is the place to open that account.
