Well Done

We've been overhearing some complimentary remarks about our Prescription Work from the Doctors and Nurses of this town lately. We are highly pleased

satisfaction about doing anything well whether it gives any notice or not but to do it well and be told that we have done well is mighty pleasant.

This is worth your knowing. We have a prescription to put up.

THEISEN WILL HAUL SPECIAL

VETERAN ENGINEER TO GET TAFT'S ENGINE

Exact Hour of Arrival Still Uncertain to the Officials.

President William H. Taft, executive of the United States, will pass through La Grande tonight at a half past midnight.

Engineer John Theisen, one of the veteran engineers of this division, gets the engine that will pull the Taft special over the La Grande division.

The train crew has not been definitely selected yet.

The hour has become uncertain because effort is being made to cut down the running down by eliminating certain prescribed stops.

That there is some likely hope of the train reaching here at midnight is admitted by 2 o'clock in the regular hour scheduled for the train to reach La Grande.

In view of the uncertainties regarding the hour, it is very probable that only a handful of men will see the special pull through here.

There is no possibility, however, of the executive being up at the time.
