EMPLOYEES, TOO, ARE KEPT OUT

STOCKADES NOT OPENED TO ENGINEERS, ETC.

Engineers Make Out Reports in Store Room Building Now.

SHOP FOREMEN MAY BE CALLED OUT.

San Francisco, Oct. 11.—Whether the striking shopmen of the Harriman line will call out union foremen of the shops is a question that will be submitted to the members of the federated unions throughout the country. Reports received here say that many foremen are acting as the guardians of strikebreakers and officials of the federation don't think this is right.

Fireman, engineers and trainmen have been refused admission to the stockades about the O.-W. shops in this city. The order went into effect yesterday and will likely be maintained indefinitely. The engines are brought out of the mysterious place and taken in without the aid of any of the train crew. Engineers and firemen make out their reports in the store room building outside of the stockade. This will no doubt lessen the amount of news that leaks out of the shops where the company is keeping its motive power in working order. The strikers today reported all more than an hour late and that a great deal of interest is manifest in the benefit ball to be given on the evening of October 17th at the Elks' hall.

Sounding Has Commenced.

Portland, Ore., Oct. 11.—The striking shopmen here today began systematically to sound all employees of the Harriman system in the northwest, engineers and conductors excepted, on a proposition of calling a general strike on the system, following the receipt of a communication from the Oakland strikers that a movement for a general strike has been launched. According to the letter, non-striking employees at Oakland have already expressed themselves as willing to go out. Railroad officials here laugh at the report and declare that the strikers are fomenting such action more to cause friction than to really accomplish anything.

California State Realty Federation.

San Francisco, Cal., Oct. 11.—The largest and most enthusiastic meeting of the California State Realty Federation ever held opened here today at the Palace hotel, with more than 1,000 members and visitors in attendance. The convention, the seventh of its kind, will last three days and will close on Friday, the day before the ground-breaking exercises for the Panama-Pacific International exposition of 1915, at which ceremony President Taft is to officiate. There are a number of important subjects to be discussed at the three business sessions of the convention, but these sessions will be short so as to give the members an opportunity to avail themselves of the numerous features of entertainment which the local realty men have hospitably provided for the visitors from other cities. Tomorrow there will be auto excursions and a banquet at the St. Francis hotel in the evening and on Friday steamer trips in the bay and around the peninsula, with an open-air dinner among the redwoods at Venetia.

Canadian Salvation Army Congress

Toronto, Ont., Oct. 11.—The 29th annual congress of the Salvation Army in Canada opened here today with a rousing welcome meeting in honor of Mrs. Bramwell Booth, daughter-in-law of the general, who is at the head of the social departments of the Army's work and who will preside through the entire six days' gathering, assisted by Col. Mildred Duff. On Sunday afternoon Mrs. Booth will give a special social address in Massey hall and Lieut. Governor Gibson will occupy the chair on that occasion.

TAFT REACHES OREGON SOIL

GUEST OF METROPOLIS THIS EVENING.

Seattle Respectful but Not Excited Over President Taft.

NO GREAT HURRAH.

Seattle, Oct. 11.—This city was respectful towards President Taft, but it didn't go wild over him, said Mayor Dilling today. Dilling, who has just returned from Illinois, says the same lack of enthusiasm greeted Taft in the east.

Tacoma, Oct. 11.—President Taft left here at 9 o'clock for Olympia, and then to Portland where he arrives tonight at 5 o'clock. He speaks at several Washington towns enroute. At Portland he parades from the depot to the Commercial club and there banquets, and then speaks at the armory. He attends a Knights of Columbus reception, goes to bed and is away at 1:30 for California.

Portland Welcomes Taft.

Portland, Ore., Oct. 11.—With a liberal display of flags and bunting, Portland is in readiness to extend a suitable welcome to President Taft, who arrives here early this evening and will remain until after midnight when he will depart for the south. The local program has for its chief features an automobile parade through the business section of the city, an informal dinner at the Portland Commercial club, and a public address at the armory.

California Trip Busy One.

San Francisco, Oct. 11.—From the moment President Taft is met by Gov. Johnson at the boundary line of California and Oregon Thursday until he leaves again for the east a constant succession of receptions and reviews await him.

At Sacramento Friday the president will be welcomed by the Panama Pacific exposition officials who will journey with him to Oakland. Here he will officiate at the laying of the cornerstone of the new city hall. At six o'clock Friday evening he will arrive in San Francisco and will be met at the wharf by Mayor McCarthy.

On Saturday he will turn the first sod of the Panama Pacific exposition and Sunday night will continue his journey eastward. Numerous receptions and banquets will fill in the president's time between his public appearances in California.

Falls Into Well.

Falling 25 feet down a well on his ranch when an old platform covering it gave way, Gus Belky, a well known farmer of the Birch creek country had a narrow escape from death yesterday morning, relates the Pendleton East Oregonian. As it was he was severely cut and bruised and is now confined in St. Anthony's hospital.

The accident occurred at about 10:30 when he was engaged in cleaning out a well. One of the boards on the platform suddenly broke and Mr. Belky was precipitated to the bottom of the well. He is a large man, weighing about 215 pounds, and struck with great force. His head hit violently, causing several large scalp wounds and cutting several gashes on his face.

ROYAL Baking Powder Absolutely Pure

Where the finest biscuit, cake, hot-breads, crusts or puddings are required Royal is indispensable.

Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions.

The only baking powder made from Royal Grape Cream of Tartar

No Alum—No Lime Phosphates

He was rescued immediately by a fellow workman and hurried over the terrier intervening between his ranch and this city to the office of Dr. C. J. Smith. His wounds had bled profusely and considerable difficulty was had in stopping the flow. A large cut on the top of the scalp, one on the forehead and several on the face had to be closed with several stitches and the patient was then removed to the hospital where today he is resting easily.

PHOEBE COUSINS POOR.

Noted Woman Lawyer of Canteen Fame Now in Utter Poverty.

Washington, Oct. 11.—Reduced from affluence to dependence upon charity, Phoebe Cousins, the famous woman lawyer, who fought for years for the army canteen, was found living in a lodging house today. She was long retained by the United States Brewers' association on a \$350 monthly salary and she lived extravagantly. Last January she was dismissed, aged 68 and found herself penniless.

Estray Notice.

A band of 300 sheep found on the Sawteeth of the Big Sheep on the Big Minam river, found by J. and H. Haffer, are now at Cove where the owner can identify the same and pay charges. The sheep are branded with an O with parallel lines crossing it. H. HAFFER, Cove.
