BABY MINE

BY MARGARET MAYO.

DIRECT FROM A SOLID YEARS RUN AT DALY'S THEATRE IN NEW YORK.

Baby Mine is sending a gale of laughter around the world. It is now in its second year at Sir Charles Windham's Critique Theatre, London.

Within three months Baby Mine will be played in Berlin, Vienna, Paris, Melbourne and St. Petersburg.

You can't stop a big laugh like BABY MINE.

Seats for "BABY MINE" Sale Thursday Oct. 19

Prices 50, 75, \$1.00 and \$1.50—NO HIGHER.

A Good Position

Can be had by ambitious young men and women in the field of "Wireless or railway telegraphy." Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers.

Positions pay beginnings from \$70 to \$90 per month with good chances of advancement. The National Telegraph Institute of Portland, Oregon, operates under the supervision of railroad and wireless officials, and places all graduates into positions.

It will pay you to write them for full details. 10-19-4t

Printed words fail to give you a full idea of Gossard style-leadership. You must see a Gossard Corset—better still, you must try one on at the mirror, before you can understand how the Gossard enables any woman to display a figure that is stylish and attractive, besides being easy to wear in any position.

Indorsed by our leading physicians and dress makers. A model for every type of form.

Prices \$3.50 to \$8.50

FLOUR DOOMED TO SKYROCKET

LOCAL MARKETS EXPECT RISE AT ANY MOMENT.

Prices in the East Spills Increase in La Grande Shortly.

Flour—that staple necessity of every housewife's cooking table—is doomed to go higher in La Grande as a consequence of the substantial raise recorded in Chicago markets earlier in the week. Local wholesalers have not been advised of a raise this morning but anticipate it at any moment. Just what the raise will be when it does come is not made known either, but probably will be enough to be felt somewhat. Waters-Stanchfield, one of the local wholesalers, says they expect the new quotations ere the week is out.

TYPEWRITERS IN CHINA.

They Are Used There, but Not For the Native Language.

Typewriters are now made for use in nearly a hundred different languages, and they are sold all over the world, but there is still one great nation which, for a very simple reason, has no typewriters that write its tongue. That nation is China.

The English alphabet has twenty-six letters, the Russian thirty-six. The typewriter produced for the Russian market is the largest made, but no typewriter could be made that would be big enough for the Chinese language, which has no alphabet, but is represented by sign characters, of which there are about 50,000. Of the great number of words found in the English language only a small proportion are used for the ordinary purposes of speech, and the same would be true in the characters used in the Chi-

nese language, but the number of Chinese characters commonly employed is still far greater than could be put on any typewriter. So the nation of 400,000,000 people has no typewriter in its own tongue.

But that doesn't mean that no typewriters are sold in China. More and more Chinese are learning other languages besides their own, and Chinese merchants and resident foreign merchants use typewriters, and they are used in legations and in consular offices and in banks and shipping offices and colleges and by missionaries, by various people. Altogether there are sold in China a good many typewriters.—Washington Post.

AN ANCIENT LEGEND.

Creation of the Coconut, the Wakwak and the Palm Tree.

According to the opinion of the old historians and the commentators of the Koran, God created from the remainder of the clay of which Adam was made the kulliser, or cocoa tree, which is found in abundance in the Indian islands. It produces a nut which is brought to Anarolla and Roomill. The interior and oily part is nourishing and fortifying food. The shell is worked into spoons and cups of the size of a man's head. It is a round black nut on which all the parts of a man's head may be seen—mouth, nose, eyebrows, eyes, hair and whiskers—before it was formed from Adam's clay. A wonderful sight!

From the same clay God created also the wakwak, found in India, the fruit of which resembles a man's head, which, shaken by the wind, emits the sound of wakwak.

Finally was created also the palm tree from the remainder of Adam's clay at Kufa, near the water Tinnor. This is said to be the reason why the palm trees of Kufa, Medam and Ommann are straight and upright, like the stature of a man. If you cut its branches it does not only do harm to it, but grows even more, like the hair and beard of men, but if you cut off the head of the palm tree it gives a reddish juice like blood, and the tree perishes like a man whose head is cut off.—Evlia Effendi, "Travels."

The Jenny Lind Rock

The Ohio river claims among its treasures the Jenny Lind rock. The singer was a passenger on a steamer which struck on a sand bar near the rock, and while waiting for the boat to be floated Miss Lind had someone row her out to the rock, where she stood alone and sang a song.
