GERMANS LEAD YELLOW TROOPS

COMPLICATIONS SURE TO FOLLOW IF REPORT IS TRUE.

SITUATION GROWS WORSE: BOY EMPEROR IN FLIGHT

Canton Reported Lost but This Is Not Confirmed—General Captured by Rebels Is Threatened With Assassination—Japanese Ready for any Emergency Growing out of Discovery

Shanghai, Oct. 25.—It is reported, but not confirmed, that the revolutionists have seized Canton after a hard fight in which casualties were heavy. It is reported the Chinese emperor is preparing to go to Mukden and put himself under Japanese protection, but this is not confirmed.

Tokio, Oct. 25.—International complications are feared in China as the result of the discovery that German army officers had been conducting Chinese expeditionary forces under a pretext of being attaches. The situation is grave. If true they may result in international complications.

While no official announcement has been made it is stated that the Japanese government was fully informed on the subject and that communications regarding it had been dispatched to London and Berlin. It was hinted that the Japanese mobilization at Kyushu may have been caused by the possibilities of serious eventualities because of the Germans' activity. Keen interest in what Britain will do if the charges are confirmed is manifest here. Germany and England are both bitter over the Chinese trade.

San Francisco, Oct. 26.—In panic at the unmistakable signs of a rebel outbreak in Peking, Manchu, the royal prince, with the child emperor and many high officials are in flight from the capital to the town of Yit Haw, 150 miles away, according to a dispatch received by the Chinese Free Press here from Hong Kong. Cables confirm the reported surrender of Admiral Sah on the Yangtze river and tell of repeated rebel victories in the southeastern states.

It is reported there is a plot afoot to assassinate General Yen Tchong whose force of 20,000 was badly defeated by the rebels Tuesday.

His troops were honeycombed with rebels. A large body of imperialist troops in the province of Qui Chow mutinied and joined the rebels gaining complete control of the state, and the cities of Sian Fu and Fu Chow in Sanchu. The prince is reported captured.

TACOMA BREAD WEIGHT SHORT

COUNCIL TO LEGISLATE AGAINST THE PRACTICE.

Stiff Punishment for Violators of the Weights and Measures Laws.

Tacoma, Oct. 26.—Following exposures of gross frauds in short-weighting bread loaves, the city council has drawn up an iron clad weights and measures ordinance which will be passed soon. It provides stiff penalties for these crimes.

CHEVKET PASHA.

Minister of War in the Turkish Cabinet.

YUSEF SZEDDIN.

Prince Regent of Turkey, Who is Officer in Army.

MOHAMMED V.

Sultan of Turkey, Who is at War With Italy.

FIRST VENIRE IS EXHAUSTED

COURT RESTS WHILE SHERIFF HUNTS FOR JURORS.

Defense Claim They Are "Double Crossed" by Court.

Los Angeles, Oct. 25.—With the initial panel exhausted and only four possibilities as jurors secure, the McNamara trial was resumed today by Darrow taking up the examination of E. L. Essley, a transfer man, the last of the first panel. Juror Manning, who was passed by both sides, is sick and may have to be withdrawn. He was looked upon as the only one of the four that would be finally chosen.

Essley was finally excused and the judge reserved his decision until tomorrow on the Winter challenge. The court then suddenly adjourned until tomorrow forenoon because the original panel was exhausted.

Bordwell decided to get a new venire of 40 and directed the sheriff to have them in court tomorrow. He said he would not borrow veniremen from other superior court departments because it was not justice to the veniremen.

The defense today is still wroth over Judge Bordwell's action in allowing the state's challenge against Walter Coward, who believed that gas destroyed the Times. They say Coward's opinion was parallel to the McKee case, who the defense challenged because he believed dynamite caused the explosion, and the judge would not allow the challenge.

PORTLAND IS AFTER CAMERON

DISTRICT ATTORNEY CAMERON MAY BE RECALLED.

Accused of Negligence in Office Over Tenderloin Problem.

Portland, Oct. 26.—It was learned authoritatively this afternoon that a movement is afoot to recall District Attorney Cameron on the grounds of malfeasance in office. The petitions are to appear in three days. Cameron was recently bitterly at-

terned asunder within and struggling against odds as a nation, Turkey can be truly said to be in the midst of a titanic struggle. Of the three pictures above Mohammed V is the most prominent, in a way, because of the danger of deposition by his subjects should he concede material issues to Italy.

DEMOCRATS IN ARIZONA WIN

EDITOR OF GLOBE DEMOCRAT IS DEMOCRATIC CHOICE.

Wells Is Republican Nominee for Governor—Hunt Confident.

Phoenix, Ariz., Oct. 26.—"I figure I have carried 11 of the 14 counties in Arizona. Progressive democracy has been vindicated at the primaries. It assures us that the great principles laid down in our constitution will be carried to a successful issue on Dec. 12 and assures the rest of the nation that progressive ideas and progressive men will be at the head of affairs in the national and state government." This was the statement today of Geo. Hunt, of the Globe Democrat, democratic nominee for governor who will fight it out with Edwin Wells, the republican nominee, for the governorship in December. Although 40 hours have elapsed since the polls closed the state vote is not all counted. It is certain Hunt and Wells are nominated.

tacked by several city councilmen and the ministry association because of alleged disinclination to prosecute the tenderloin men accused of graft.

SOCIAL TOPICS DISCUSSED.

Wilson and Many Other Leading Educators to Be Heard.

Madison, Wis., Oct. 25.—With an opening address by Governor Woodrow Wilson of New Jersey on "The Need of Citizenship Organization," the most notable conference ever held in America to consider the problems of the social center movement gets under way here tonight for a three days session. Hundreds of delegates arrived today to take part in the conference, which meets under the joint auspices of the extension department of the Un-

STEEL OCTOPUS OBJECT OF SUIT

"PARENT OF ALL TRUSTS" IS TO STAND TRIAL.

Government Attempts Dissolution Suit of Monumental Combine.

New York, Oct. 26.—Directors of the United States Steel corporation today adopted resolutions recommending the cancellation of its lease on ore properties to the Great Northern Railway company which would run to Jan. 1, 1915, unless recalled.

Washington, Oct. 26.—The department of justice this afternoon filed a suit to dissolve the steel trust under the Sherman anti-trust law at Trenton, New Jersey.

The trust is called the parent of all trusts.

iversity of Wisconsin and the Social Center association of America.

The proceedings are certain to attract widespread attention, if for no other reason than that the conference is the first national gathering ever held for the purpose of furthering the social center movement. If the hopes of those interested in the movement are fulfilled the near future will see every school house in the country made a public meeting place for non-partisan gatherings of citizens for the presentation and discussion of public questions and for other social, civic or recreational activities.

In addition to Governor Wilson the prominent speakers to be heard at the several sessions include Senator Moses Clapp of Minnesota, Dean H. L. Russell of the college of agriculture of the University of Wisconsin, Clarence A. Perry of the Russell Sage Foundation, Dr. John R. Commons of the Wisconsin Industrial commission, Lily S. Richard of Boston, and Dr. G. E. Young, health commissioner of Chicago.

The conference will conclude Saturday evening with a banquet at which toasts will be responded to by William Allen White, Colonel S. S. McClure, Dr. Josiah Strong, Miss Zona Gale, Frank P. Walsh and Mrs. David Kirk, the first woman school superintendent in America.

DECIDING GAME WON BY THE ATHLETICS IN LOP-SIDED GAME OF THIRTEEN SCORES TO TWO

CONNIE MACK NAILS WORLD SERIES BUNTING TO SHIBE PARK THIS AFTERNOON IN A TERRIFIC COMBAT—AMES, WILTSE AND MARQUARD FALTER.

SCORE BY INNINGS:

	P	H	R	E	R
Philadelphia	0	1	4	0	1
New York	1	0	0	0	0
Total	13	13	5	2	4

THE BATTERIES:

Philadelphia — Bender and Thomas; New York — Ames, Wiltse, Marquard and Meyers and Wilson.

Shibe Park, Philadelphia, Oct. 26.—Connie Mack nailed the world series bunting to Shibe park this afternoon in a merciless slaughter of McGraw's formidable Giants when the Phillies scored a total of thirteen runs as against one for New York. It is all over but the shouting. Philadelphia made this her fourth victory (all that was needed) and deciding to leave no chance for escape or tenth inning defeats, kept the scorers on the jump with a big brace of runs in the fourth, one in the sixth and seven in the seventh. New York went all to pieces and the slaughter was terrific and long. This is the third successive time Connie Mack has claimed the world's championship through the medium of his batting and fielding geniuses.

All the craft of Ames, Wiltse and Marquard failed to stay the Athletics' batting, while Chief Bender held the Giants in hand until the ninth when they were virtually given a run for charity sake. The batting slaughter was the worst in years.

Shibe Park, Oct. 26.—In the third Lord's double score Thomas. In the fourth Baker singled which started four runs. Then came the lucky seventh. Bender held New York hitless and the Athletics started the fireworks Snodgrass, Chard, Oldring, Collins, Baker got across the plate and then Barry doubled, scoring Murphy. Ames was yanked out in this inning and Marquard came in. He made a wild pitch and both Davis and Barry romped in. Confused by the procession, Meyers argued that three were out and Umpire Connolly fired him from the game. Pitcher Coombs is seriously ill from injuries sustained in yesterday's game. He is in the hospital, but no operation is necessary. He caught one foot in the box in delivering the ball in the sixth inning and hurt himself internally. Despite the pain he pitched until the tenth when he had to quit. Replying to a report credited to Umpire Klem, who is reported to have said Captain Doyle, of the Giants, did not touch the plate yesterday in the run which won the game, Doyle said he certainly did touch the plate. Klem was quoted that he would have had to call Doyle out had the Athletics protested because Doyle slid over the plate without touching it.

STRANGE COINCIDENCE SEEN IN DEATH OF TWO LAST NIGHT

Strange coincidence is seen in the dual death yesterday evening in the William Donaldson home, 1306 Madison, when Mary Donaldson, aged 21 months, and Mrs. Mary Mills, aged 61, grandmother of the babe, died suddenly and almost at the same hour in the same house. The unusual circumstances surrounding the deaths, and the alarm expressed by the survivors in the household that candy eaten just before, was responsible, lead to a probability of a preliminary autopsy tomorrow. Coroner Bacon is out of town, and in his absence Justice Williams is acting coroner. As such he may order a preliminary examination on request of the attending physician who was called just before death came to the little one, and who did not have time to make a diagnosis of the cases prior to death. The autopsy was scheduled to commence late this afternoon, but has been postponed and may not be held at all.

The nature of the suffering of the two does not indicate common poison, for symptoms were not similar to the usual poison effects. The little girl yesterday afternoon found it hard to breathe, and difficult to swallow; the trouble grew more serious and late in the afternoon a physician was called. The baby died at 5:30. Mrs. Mills, who lived at the Donaldson home became ill during the morning and died shortly after the girl, though her sufferings were brought on by stomach ailments and probably weakened heart action, resulting from her own suffering—combined with the illness of her granddaughter. With little to actuate an autopsy the attending physician preferred, however, to have the matter gone into carefully, and if a thorough and complete autopsy is found necessary, the bodies will be held over until the arrival of the coroner.

Others of the family ate of the same candy, a mixed variety and several ate more than those who died, a fact that explodes in a way the plausibility of the poisoned candy theory. A consultation of physicians may be called to determine the need of an autopsy, but in any event it is not likely that an inquest will be called.
