

Try on Some of Our New SUITS AND OVERCOATS

See how attractive they are in style, how perfectly they fit, and of what excellent fabrics they are made. You'll see an immense line of quiet, practical and refined styles which are so much in demand by correctly attired men.

The gaudy, loud and freakish garments are entirely omitted. The garments we show will appeal to discriminating men who appreciate distinction, yet desire refined styles.

The sweetness of low prices will never atone for the bitterness of poor quality. It is what you get for the price that counts. Anyone of our fall garment offerings is an able demonstration of the fact that buying ready-to-wear garments here is a paying proposition for you.

Don't pay too little for a "bargain." It may cost you too much. We always put the importance of **QUALITY** before **PRICE**. But our prices are low when you consider the quality. As people grow more careful in buying, the surer we are of their trade.

formal objection which was couched in bitter and vindictive terms. This was sharply overruled by Bordwell. During the examination of Talesman

George Johnson and A. J. Wilson who was excused on account of ill health, the attorneys clashed frequently and were rebuked several times by the judge.

TEST EXPLOSIVE IN MINES

passage and dead air spaces and then a pound of black powder exploded. This is expected to show the force of a "flare back" caused by black powder. A week ago during a test to determine the force of an explosion of dust, windows in houses for many blocks around were broken and a freight car standing near the mouth of the mine was blown 300 feet down the track.

At the arsenal grounds, tests of fuels, safety lamps, explosions of coal dust and gases were made this morning. Lectures upon these subjects were also given by prominent men. Red Cross on Scene.

The exhibitions at Forbes field to-

morrow will be under the auspices of the Red Cross society in relief work. Forty rescue teams from every part of the country will compete for prizes which will be awarded the winners by the president on a platform erected over the home plate. At the ball park another coal dust explosion, will be on the program aided by black powder fired from a cannon. About ten different kinds of powder, now recommended by the government for use in mines will be fired first in an effort to show that no explosions result from their use. Finally a charge of black powder such as is being used in many of the mines will be fired, and an explosion, which promises to shake Forbes Field more than any enthusiasm that ever followed a victory in the ninth inning for the Pirates will result, those in charge of the program declare.

The "first aid" contests will be under the supervision of Dr. M. J. Shields, chief of the field department of the Red Cross. Dr. Shields, who comes from Scranton, Pa., successfully organized and brought to a high state of perfection, first aid work in the anthracite coal mines of northern Pennsylvania.

J. W. Paul of the bureau of mines will be manager of the field events and Clarence Hall, of the bureau of mines will have charge of the explosions. Francis J. Feehan, president of the United Mine Workers of the Pittsburgh district, will be field marshal.

Fisher Witnesses Test.

Secretary of the Interior Fisher arrived here today to attend the demonstrations and a reception will be given tonight at a downtown hotel.

Today and tomorrow were declared holidays by the district presidents of the United Mine Workers of America in Pennsylvania and the neighboring states and as a result it is estimated that between 30,000 and 40,000 miners are here. Forty "first aid" teams from every part of the United States as well as Mexico and Canada are also here as are many mining engineers and representatives of mining interests.

Among the foreign representatives at the demonstration are Senor Abraham Ferris, representing Mexico; Dr. Eugene Hoppell, director of the bureau of mines of Canada; M. de Puligny, chief of the bureau of engineers of France and Francis J. Yanes, representing the Pan-American union. From faraway Japan came Drs. K. Motosumoto, N. Ishosota, K. Yosuka and G. Mats Omuto of Tokio.

Petition for Liquor License.

To the Honorable County Court of Union County, Oregon:

We, the undersigned legal voters and actual residents of the precinct of Hilgard, Union county, Oregon, and having actually resided in said precinct at least 30 days immediately preceding the date of this petition, hereby respectfully petition your honorable court to grant to Nels Holverson a license to sell spirituous, Malt and vinous liquors or fermented cider commonly known as hard cider, in less quantities than one gallon, in the town of Hilgard, Union county, Oregon, in the building located on lot three, block one, in the town of Hilgard, Union county, Oregon, commencing on or about the first day of November, 1911. Dated this 30th day of September, 1911.

SUPPOSE you were to be handed a hundred dollar bill on the sale of a horse. Large bills are mighty awkward in making small purchases. The chances are your neighbor couldn't cash it. Perhaps the merchant wouldn't care to. This bank would. Certainly.

BUT WHAT ABOUT THE CHANGE? SILVER IS HEAVY IN THE POCKET, SMALLER BILLS MUST BE CHANGED YET AGAIN, AND, TOO, THEY HAVE A WAY OF WORKING OUT OF THE POCKET UNNOTICED. A HUNDRED DOLLARS IN CASH CAN CAUSE A LOT OF WORRY WHEN IT HAS TO BE CONSTANTLY WATCHED TO AVOID LOSS, ERROR AND THEFT.

IT'S DIFFERENT WITH A HUNDRED DOLLAR BANK ACCOUNT YOU WRITE A CHECK FOR THE AMOUNT OF YOUR PURCHASE, SIMPLE, CONVENIENT. NO WORRY, NO RISKS.

WHEN YOU MAKE YOUR NEXT SALE COME TO US. WE WILL START YOU RIGHT—WITH A BANK BOOK AND CHECKS.
