TRUCE ORDERED TO TALK PEACE

PREMIER KAI TO CONFERENCE WITH REBEL COMMANDER

PEACE TERMS WILL BE GONE OVER AT CONFERENCE

General Li Wires That He Will Accept Conference of Peace and Yuan Shi Kai Will Proceed to Hankow to Feel Peace Pulse—Shanghai Fell Without Much Loss of Life on Either Side.

Washington, Nov. 3.—Government advisers here today from Yuan Shi Kai the premier, tell of a conference with General Li which may end the rebellion. Yuan wires that Li has consented to a truce and the two will meet at Hankow today in an attempt to reach an agreement.

Li's agreement to a truce is believed to have resulted from the adoption of 19 articles by the national assembly on which it is hoped to found a new Chinese constitution. It is unknown whether the rebels will agree to one article which says the Manchus shall reign forever.

Shanghai, Nov. 4.—Order generally prevails here following the capture of the native city by the rebels. Only the foreign concessions are uncontrolled by the revolutionists who are organizing a municipal government. It is feared that the Wesleyan mission near Har river which sheltered 150 blind boys and 150 wounded persons was destroyed in the Hankow fire. The capture of Shanghai was accomplished with only 10 killed. After the rebels won Admiral Murders landed the American marines and marched them through the foreign settlement.

OLD LANDMARKS ARE TORN DOWN

OLD MACHINE SHOP AND BLACKSMITH SHOP RAZED.

Structures Representing Requirements Long Ago to Be Removed. Landmarks that represented the primitive requirements of the old Oregon Railroad & Navigation company in this city a quarter of a century ago are under process of razing. The original blacksmith shop built by the O. R. & N. about 22 years ago, and the original machine shop constructed about an even quarter century ago, are being torn down and the lumber will be used in the construction of the new Grande Ronde Meat company's plant.

The two buildings represent the difference in requirements of the railroad company then, as compared to the present structures—each of which were built for an outlay around \$150,000. The oldest buildings that were erected because of the coming of the railroad to the Grande Ronde valley thus disappear and the ground space will be utilized by the increasing need of more yard room.

CLIP TAMMANY CLAW, IS AIM

MANY STATES ENTER IMPORTANT ELECTIONS TUESDAY.

FUSION ROUTE ADOPTED BY THE ENEMIES OF OLD BOSS

Maryland, Mississippi, Massachusetts, Kentucky and Other States to Cast Decisive Votes Next Tuesday—Republicans Favorites in the Maryland Campaign—Goebel Affair is Revived.

New York, Nov. 4.—A sheriff, four judges of the state supreme court and members of the general assembly are to be elected in New York county on Tuesday. The lively character of the campaign that closed today, combined with an unusually heavy registration, indicates an extraordinary amount of interest for an off-year election.

The principal reasons why the public and the politicians regard the campaign as of more than the usual off-year importance are to be found in the intensified bitterness of the old fight against Tammany under the rule of "Boss" Murphy and the professed return to the democratic fold of Wm. R. Hearst, who has declared war against Murphy.

The charge that Murphy is striving at this time to nationalize his control of politics has given the fight more than a state-wide interest. Murphy now dominates the Empire state situation, from the governorship down. It is generally understood that Leader Murphy intends to be a power in the next democratic national convention. He realizes that a substantial victory this fall will go far towards enabling him to control the New York delegation to the national convention, and incidentally the nomination of a president, for it is generally believed that New York will be in a position where its 30 delegates, thrown to one side or the other, will decide who shall be the nominee.

William R. Hearst evidently sizes up the situation in about the same way as does Mr. Murphy. He has, therefore, taken time by the forelock with the intention of first defeating Murphy and then becoming a candidate for the democratic presidential nomination. Fusion against Tammany is the plan adopted to bring about Murphy's defeat. The fusion movement is supported by representatives of the republican party, the independence league, the Citizens' union, and other so-called independent organizations. The Fusionists have nominated a complete anti-Tammany ticket, which has the endorsement of many of the so-called good government organizations.

Tammany is making its strongest fight for the office of sheriff, with Julius Harburger, a well known politician, as the organization candidate. Opposing Mr. Harburger on the Fusion slate is John J. Hopper, who ran for governor on the Independence league ticket a year ago.

Tammany is fortunate this year in having no internal strife. There were a few disagreements at the primaries, but none of the old leaders was retired, and the organization is in as fine a fighting trim as it has been in years.

Gorman Expects to Win in Maryland. Baltimore, Md., Nov. 4.—The voters of Maryland next Tuesday will elect state officers, including a governor, controller and attorney general. Under ordinary circumstances the democrats would be certain of victory, but conditions are somewhat unusual this year, and the republicans believe they have more than a fighting chance to win. Their candidate for governor is Phillips Lee Goldsborough, who has been collector of internal revenue for this district. The democratic nominee is Arthur Pue Gorman, Jr., who aspires to lead the democrats of Maryland as his father led them for many years. Both Gorman and Goldsborough were nominated by direct primary.

The anti-Gorman democrats, among them Governor Crothers, ex-Governor Warfield, Senator Rayner and other of the old conservative party leaders, supported State Senator Blair Lee for the nomination for governor. Gorman's nomination, according to their allegations, resulted from sharp practices at the primaries. The approach of election day has not served to heal the split between the rival factions and the republicans believe that many of the conservative democrats will vote for Goldsborough. Gorman, however, has a strong organization, and his supporters declare he will pull through despite the apparent drift against him.

Not Among the Doubtful States. Jackson, Miss., Nov. 4.—With practically no contest, the democratic ticket is certain of victory in the state

Men of Affairs in Union County

C. E. Cochran, city attorney, prominent lawyer of Eastern Oregon, prominent lodgesman and intimately connected with republican affairs of the state. He was state central committeeman for several years. When there is a lapse in urgent duties and appointments relative to his law practice, this attorney devotes much time to music and is a choir leader, member of several men's quartet and a prominent social figure.

HARVARD FALLS BEFORE THE MIGHTY PRINCETON, 8 TO 6

Princeton, Nov. 4.—Thirty thousand rooters this afternoon watched Princeton beat Harvard at football by a score of 8 to 6 on Osborne field in their first clash in 15 years. The weather was perfect.

White of Princeton made the first touchdown by an 80 yard run in the first half. In the second half Princeton got two on a safety when a Harvard player was accidentally pushed over after Dewitt had made a magnificent punt to the crimson's goal. In the last few minutes of play, Wendell was pushed over the line scoring for

Harvard. Morrison kicked goal. Minnesota Trounces Chicago. Minneapolis, Nov. 4.—By a tremendously big score, and entirely unexpected at that, Minnesota trounced Chicago here today, score 30 to 0. The defeat of the visitors was one of the surprises of the day.

Other games today are: At Ithaca—Cornell 15, Williams 14. At Amherst field—Amherst 6, Dartmouth 13. At Ann Arbor—Michigan 6, Syracuse 6. At New Haven—Yale 28, New York University 3.

ROSEBURG REOPENS RECALL ISSUE

Roseburg, Nov. 4.—A movement for the recall of Judge Coke of the second judicial district for alleged partiality to the defense in the McClallan murder trial will be revived according to Attorney Cannon today who said 10,000 pamphlets pertaining to the case

will be mailed soon and the petitions will be circulated immediately afterward.

The first movement died three months ago from lack of support and the revival surprised the people. This is the first attempt ever made to recall a judge in Oregon.

election in Mississippi next Tuesday. Earl Brewer, of Clarksdale, heads the ticket as candidate for governor.

In the Blue Grass State.

Louisville, Ky., Nov. 4.—A complete set of state officers and many members of a legislature which will elect a successor to United States Senator Paynter will be chosen at the election in Kentucky next week. The liquor issue, a revival of charges in connection with the Goebel case, and the exchange of many bitter personalities on the stump have combined to make the campaign which closed today one of the most vituperative that has been seen in the Blue Grass state in many years.

James B. McCreary, former governor, former United States senator and former peace commissioner, who is the democratic nominee for governor, claims the election by several thousand votes, while Judge Edward C. O'Rear, the republican gubernatorial nominee, hopes to win by a small majority.

National Issues in Bay State.

Boston, Mass., Nov. 4.—Of the various state elections to be held next Tuesday it is generally conceded that

the contest in Massachusetts is more involved than any other with the national campaign of next year. Eugene N. Foss, whose success constituted the straw which pointed the way to democratic control of the lower branch of congress when he was elected to fill a vacancy from a republican district several months before the 1910 landslide, and who subsequently left his seat in congress to become the democratic governor of Massachusetts, is a candidate for re-election. The republican candidate is Louis A. Frothingham, the present lieutenant-governor, and a man who for years has been popular among the people. National issues have been injected into the campaign on both sides. The republicans, under the leadership of Senator Lodge, have been making a mildly progressive campaign. The democrats are combating the Taft tariff vetoes, and whichever way the election results the victorious party is certain to make the most of it for moral effect on the country preliminary to the presidential race.

Hall of Records, Los Angeles, Nov. 4.—Harry Chandler, son-in-law of Gen. Otis, and assistant publisher of the Times, may have to stand interrogation regarding his qualifications as a venireman in the McNamara case. When he appeared among the veniremen Judge Bordwell refused to dismiss him because of the fact that he is under subpoena by the prosecution on the grounds that only personal qualifications are to be considered. Chandler was finally excused until Wednesday. Maybe he will have to be dismissed.

Twenty veniremen of a panel of 200 have qualified for service Monday when the trial is resumed.

After the twelfth man is qualified Monday the defense will probably ask permission to further interrogate McKee on evidence secured since their challenge because he favored the dynamite theory. Judges from past precedents the court will refuse and the peremptory challenges will begin.

BODY OF DEAD CONDUCTOR TO BE EXHUMED AT ONCE

Post Mortem Expert to Investigate Death of Former Conductor. Last March—Woman Claims Her Innocence—All of Nine Who Died Are Relatives and Close Friends of the Woman.

Chicago, Nov. 4.—Convinced that the body of Richard Smith, a former railway conductor, who died mysteriously at Mrs. Vermilia's home March 11, either will confirm or disprove the police theory that the nine who died there were arsenic victims, Coroner Huffman and Dr. LaConte, a post mortem expert, went to North Henderson, Illinois, today to exhume the body. The woman who was charged with the murder of Policeman Blasonetti, another lodger, is not yet served with a warrant, because she is ill with pneumonia, but the police is guarding her.

Smith's death symptoms were similar to those which preceded the death of the policeman. Mrs. Vermilia's two daughters, one son, one stepson, and two friends. Direct evidence connects the woman with a series of deaths.

Mrs. Vermilia reiterates her innocence. She said if the policeman died of poisoning he must have taken it himself.
