## Coats and Millinery

**TWO MONTHS AHEAD OF TIME — JANUARY PRICES EARLY IN NOVEMBER IN THE VERY HEIGHT OF THE WINTER SEASON ON THE GARMENTS THAT ARE IN THE VERY HEIGHT OF FASHION.**

It is absolutely impossible for a store doing the volume of garment business that this store does to buy the exact number of suits and coats required for a season's selling. There is always a considerable number at the season's end on which large reductions must be made to close them out.

We have decided to make these reductions now and give our patrons two months extra wear.
