ORDINANCE NO. 356 SERIES OF 1911

An ordinance to license and regulate fire insurance and fire insurance agents, and declaring an emergency.

The City of La Grande does ordain as follows:

Section One. That it shall be unlawful for any person, company, association or corporation to engage in or conduct the business of fire, marine, mutual or other fire insurance other as a general or special agent, local agent, solicitor principal or manager of any fire insurance company unless said person or persons, company, association or corporation shall obtain a license for each and every one of the fire insurance companies, associations or corporations, for which they or it solicits or conducts business for either as general or special agent, local agent, solicitor principal or manager, and shall keep said license in force by renewals thereof as provided in this ordinance, during all the time he, they, or it shall act as such general or special agent, local agent, solicitor principal or manager.

Section Two. Any person, company, association or corporation desiring to engage in any of the acts prohibited by this ordinance shall obtain a license therefor from the Recorder of the City of La Grande by paying to the Treasurer of the City of La Grande the sum of \$25.00 per annum for each and every of such fire insurance companies, associations or corporations which he or they shall act as agents either general or special, local agent, solicitor, principal or manager, and obtain from the treasurer a receipt therefor and then present said receipt to the Recorder of the City of La Grande, Oregon, which shall entitle said person, company, association or corporation to engage in any of the acts prohibited by this ordinance for the period of one year thereafter, and at the expiration of said time it shall be the duty of said person, company, association or corporation, to obtain renewals of such license in the same manner and by the payment of the same amount to the City Treasurer obtaining the Treasurer's receipt and presenting the same to the Recorder which shall entitle he, it or them to continue the same business for another term of one year.

Section Three. Any person, company, association or corporation, or their agent or employes violating any of the provisions of this Ordinance, shall upon conviction thereof before the recorder of the City of La Grande, Oregon, be fined not less than \$50.00, nor more than \$150.00 for each and every offense and be imprisoned in the City jail, one day for every two dollars of such fine.

Section Four. Any sums collected hereunder either as licenses or as fines shall be paid to the City Treasurer who shall keep the same in a separate fund to be known as the "Fire Department Fund" and the same shall be paid out upon the order of the council in the manner prescribed by the charter for the benefit and maintenance of the La Grande Fire Department.

Section Five. This ordinance shall be in force after its passage approval by the mayor and publication in one issue of the La Grande Evening Observer and take effect on and after the 20th day of December, 1911.

Passed the council on this the 15th day of November, 1911 by Six Councilmen voting therefor.

Approved by the mayor this 20th day of November, 1911.

A. L. RICHARDSON,
Mayor.

Attest: C. M. HUMPHREYS,
Recorder of the City of La Grande,
Oregon. (11-21-11)

TO THE VOTERS.

I hereby announce to the voters of La Grande that I am a candidate for chief of police. My work as an official in the past is my recommendation and I will appreciate any and all support given me.

J. H. McLACHLEN.

A good, high grade piano, slightly used, to be sold at a sacrifice and upon easy terms if desired. If interested, call upon G. M. Richey at the post-office for particulars. 10-30-11

SOAP BUBBLES.

Thinness of the Gray Hued Films Just Before They Burst.

What is a soap bubble? Nothing but a film of water molecules held together by the cohesive power of soap in solution. A soap bubble's size and strength depend upon the right composition of the mixture that furnishes its material. The colors in a soap bubble are due to what is known in physics as the interference of light, and depend upon the varying thickness of the film of water.

The observer who watches a bubble as it is blown will notice that the colors rapidly chase one another over the filmy globe. He will also see that they vary in hue, growing less and less bright at the top of the bubble because there gravity stretches it downward and makes the film thinnest.

It is a singular fact that the last color to appear on a soap bubble just before it breaks is a gray tint. The thickness of the film when this tint appears upon it is less than the one hundred and fifty-six-thousandth of an inch.

Were a soap bubble to be magnified to the size of the earth and the molecules magnified in proportion, then the whole structure would be as coarse grained as a globe of small leadshot touching one another at their surfaces.

In the blowing of a soap bubble there is presented the spectacle of the stretching of a liquid to the extreme limit of its capacity. In this way we come nearer to a sight of the invisible molecules of matter than could be got in any other way no matter how elaborate the experiment.—Exchange.

An East Indian Amulet.

In India a variety of gems and stones are used as amulets. The most common is the salagrama, a stone about as large as a billiard ball and which is perforated with black. This is supposed to be found only in Gandaki, a river in Nepal. The person who possesses one of these stones is esteemed highly fortunate. He preserves it in a clean cloth, from whence it is sometimes taken to be bathed and perfumed. He believes that the water in which it is washed, if drunk, has the power to preserve from sin. Holding it in his hand, the dying Hindu expires in peace.

The Recipe.

"Your novel is pretty good," said the publisher to Scribby, "but, after all, it needs just a little more thrill. Can't you put something stirring in it?" "Why, I might," said Scribby, "though just how to stir things up I don't know."

"Well," smiled the publisher, "suppose you try just a little more spooning. Nothing like a good spoon for stirring, you know."—Harper's.

He Didn't Tell.

"Gee! Now tell me as man to man what you would do if you were married to that woman."

"You tell me what you would do. I am married to her."—Houston Post.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

HILL'S DRUG STORE.

YOU OUGHT TO KNOW

this shop, and its ability to serve you best. Our one strongest desire is to turn out the best LEANING AND PRESSING

and to price our services to meet your satisfaction. We believe we do this. If your garments need our attention send them to us and we will do your work promptly and guarantee not to ruin the materials.

Eye Troubles Are Hereditary

Eye troubles are caused largely on account of the improper FORM of the eyeball. The shape of the eyeball is inherited as are all other physical features as the nose and mouth. If you have eye troubles, your children are more than likely to be affected similarly.

RED LIDS, STYES,
Itching Lids, Aversion to Study and Listlessness are sure signs of eye trouble in children. We relieve such troubles with glasses.
