MOSCOW SQUAD GOING SOUTH

U. OF I. FOOTBALL TEAM PASSES THROUGH CITY.

Hope to Annex Another Scalp in the South on Thanksgiving Day.

Coach Griffith and his huskies who represent the University of Idaho, at Moscow in a football way, passed through the city this morning enroute to Salt Lake. They meet the University of Utah in Salt Lake next Thursday afternoon.

"We hope to 'slip one over' on the south states Thanksgiving Day," said Coach Griffith this morning while his squad was limbering up on the depot platform both with leg and lung muscle. "Our victory over Whitman's strong team has given the team added encouragement and our huskies will make a good showing against our adversaries Turkey day," supplemented Griffith.

LOCALS' TRAINING INDUSTRIOUS.

Caylor in Readiness to Meet Elgin's Rehabilitated Squad.

This afternoon light practice was carried out by the La Grande high school squad in preparation for the game here Thanksgiving day with Elgin. Tomorrow night the last practice for the year will be gone through and smoothness given to the new plays hatched up and put into working shape. If the field remains dry the fans will see a great variety of new plays uncorked, for previous to this it has not been expedient to use more than a dozen plays. Quarterback Reynolds will cut loose next Thursday, however, and give the fans some of the newest and snappiest open field playing ever seen here. Elgin comes with a much stronger team than the first time, and it will be a lively game throughout.

R. E. Reynolds who has handled the whistle so satisfactorily thus far this season will be the lord of the game Thursday.

EUTHANSIA IN BALANCE

(Continued from page one)

on her own often expressed wish they had given her the chloroform.

"Before God and man I believe that we did exactly right," declared Brother Gillette and he added that his conscience was perfectly at ease and he did not believe that he had committed a wrong. If his act had been unwise, only his great feeling of sympathy for the deceased Sister had prompted him to commit it.

After a formal hearing Brother Gillette and Sister Elizabeth were held on a charge of murder, but Judge Parker admitted them to bail Sister Elizabeth in \$2,000 and Brother Gillette in \$5,000. The other members of the colony promptly furnished the bail.

At the same time the coroner began an investigation of the case and, on September 6, the body of Sister Sadie was exhumed. The medical examination of the body is said to have shown that the disease of Sister Sadie had not been so far advanced as was stated, and that, judging from the condition of her lungs she might have lived for some time. The coroner's jury thereupon gave a verdict, finding Brother Gillette guilty of willful murder.

Brother Gillette was rearrested and held to await the action of the grand jury without being admitted to bail. Sister Elizabeth, not having been indicted by the coroner's jury, was permitted to remain under bail.

It is understood that no attempt will be made on the part of Brother Gillette to deny the simple facts of the case. As there is nothing in the laws of the state of Florida that can be construed into sanctioning the practice of euthanasia under any condition, it is feared that the grand jury will have no alternative in the case but will be obliged to indict.

PIONEER OF UNION CO. DEAD

GRANDFATHER WALKER, WELL KNOWN HERE, CLAIMED BY DEATH.

His Grandson, Robert Eakin, Left Today to Attend Funeral.

Robert Eakin left today for Salem, Oregon, in answer to a message from his father, Judge Eakin, telling of the death of Grandfather Walker, a pioneer resident of Union county and who has lately made his home at Salem. M. E. Walker was one of the early settlers of Oregon. He was 86 years of age last August. For some time he was a resident of the Eastern

THE STRAPONTIN.

Found in Parisian Theaters, it is a Delusion and a Snare.

In every Paris theater there are two or three score "strapontins." You wonder what a strapontin is? Well, it is a folding or strap seat on the aisle attached to the side of the aisle chair of the orchestra or balcony rows. It has neither sides nor back and is without visible means of support except through affiliation and attachment. The unsuspecting American tourist whose stay in Paris is but a matter of days approaches the Parisian box office and is shown the diagram by the middle aged lady with the blond curls. Guilelessly the visitor indicates what he believes to be an aisle seat and congratulates himself on his luck at so late an hour in capturing it.

A few minutes later he has paid his 10 cents for a program and tipped the woman attendant who shows him to his strapontin. It is as devoid of legs or feet, this strapontin, as of arms and vertebrae, a device to be shunned and tabooed. You squirm to make yourself comfortable, to secure some attitude whereby the hardships of the strapontin may be annihilated, but in vain. It drives from your mind the most seductive music, the most dramatic episode fails to affect you, and your thoughts are forced back on the instrument of torture which has cost you the full 10 francs, the price of an orchestra chair.—New York Press.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
