### HEAVY WEIGHT HOGS.

George Evans of Wallowa Kills Two Porkers That Weigh 1395.

George Evans killed two porkers Saturday that were a few days short of 13 months old. Before killing, his friends were guessing on their weight, so George drove them to the scales and the two tipped the beam at 1395. Can anyone in the northwest beat this for weight on hogs of that age? If so,

we would like to hear of it. The climatic conditions and feed of Wallowa are ideal for hog and cattle raising and the outside markets always know where to come when they want the choicest of pork, mutton and beef.—Waiolwa Sun.

### Elgin Boys in Navy.

From a letter received by a friend in Elgin from Frank W. Cross it is learned that Elmer Christiansen and Leonard Morelock have joined the United States Navy. Cross is a fireman and gets \$40 per month. He says it is the best position he has ever had and advises his friends to join as soon as possible. The Philadelphia recently returned from Honolulu and will soon be on her way to China.—Elgin Recorder.

A COMMON COLD neglected may go quickly into CROUP, BRONCHITIS, or PNEUMONIA which often means a sudden fatality. Keep FOLEY'S HONEY AND TAR COMPOUND always in the house and give at first sign of a cold. Refuse substitutes.

John Parsons, Stewart, Ohio, writes "We use Foley's Honey & Tar compound as our best and only cough remedy. It never fails to cure any of my seven children of cough. My 2-months' old baby has had a most severe cough which our doctor said he could not cure and that baby would surely die. Several of our relations and neighbors had gathered to witness the ending of the child's life. Two bottles of Foley's Honey & Tar compound cured the child and he is alive and well today."
