

Watches Diamonds

There is nothing so suitable and serviceable to make your friend a nice present than a good Watch, Diamond Ring or Pin.

We have a large selection of watches, and our prices we guarantee to be as low, and possibly lower, than any so-called sales price, and equal to if not lower than any catalogue house.

Our large stock of fine quality diamonds we get direct from the cutter, and guarantee to sell lower than any of the houses in Chicago, New York or elsewhere. Call and examine our stock before buying and be convinced that we are saving you money. Don't take chances on buying from houses that you do not know, when you can get your goods from a reliable firm.

ESTABLISHED 1891.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$10.00 or more. He sought for a quicker and cheaper way to cure it and he found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

STUDENTS FORM CLUB. Eastern Oregon Students at O. A. C. Perfect Mutual Association.

Eastern Oregon students at O. A. C. have formed a club to promote the welfare of the state and themselves at the institution. E. B. Stanley is president, Ellen Canfield vice president, R. C. Day secretary, R. L. McKenzie treasurer and Clara Wallen reporter. The aim of the club is contained and pointed out in a letter to the Observer from the club officials. This is what they say:

The students of the Oregon agricultural college from the eastern portion of the state have organized themselves into a club which is to be known as the Eastern Oregon club. Our present membership is about 90 and each member has pledged himself to work one or more hours each week throughout the entire year in the interest of the club.

Our homes and interests are in Eastern Oregon, and the sole purpose of our organization is to render service to that section of the state.

We want to co-operate with you. Our membership represents every department of the college; agriculture, domestic science and art, engineering, commerce, pharmacy and so on. There are doubtless many times when you are called upon to answer questions and contribute information through the columns of your paper upon many of these subjects. What we are driving at is this: When you are asked to contribute information along the lines of scientific agriculture, engineering, or any of the work given at the college, if you will but give us an opportunity, we shall be glad to appoint a committee from our membership to investigate the subject and to collect and forward to you the latest scientific information to had on that subject. Only those who are thoroughly competent—those who are specializing along that particular line—will be placed on these investigating committees.

A committee representing the club has recently waited upon the college librarian in an endeavor to have set aside a special section of the college library for Eastern Oregon literature exclusively. We are today informed that the request of our committee has been carefully considered, and that

the required space will be set aside for the purpose named.

Yours truly,
EASTERN OREGON CLUB.
