that I have put up with dim, smoky oil lamps long enough --that I want a light that I can see by; one that I won't have to clean and fill and bother with; one that is always safe and reliable --that I will start the NEW YEAR right, by using electric lights.

NOTES FROM THE LABOR WORLD.

The south is beginning to get its share of the foreign labor that is being imported into this country and in many instances the foreign laborers are being employed in the place of the southern negroes.

The usual hours of work in Japan are 12 a day. Male workers of 14 get from 15 to 25 cents a day; those under 14 from 6 to 10 cents a day. Females over 14 are paid from 10 to 14 cents a day.

An arrangement has been made between the Central Molders' union of Scotland and the International Molders' union of North America, by which the two organizations will in future exchange membership cards.

Every year there are in England three important labor conventions. There are the annual British trades union convention, the annual meeting of the General Federation of Trade Unions, and the annual convention of the Labor party. The last named is to be held at Birmingham in January.

The New York State Factory Investigating commission, which has just completed its hearing before reporting to the legislature, has learned that there are more than 40,000 children in New York City working in tenements for \$3 to \$3.50 a week.

The following daily wages are paid in Jerusalem: Unskilled labor, 24 to 40 cents; carpenters, 52 cents to \$1.05; masons, as high as \$1.60; stone cutters, 42 to 94 cents.

The carpenters' organization of Bakersfield, California, has collected nearly the entire amount of \$28,000, which is to be used for the erection of a three-story labor temple in that country.

England's National Union of Boot and Shoe Operatives, having adopted a label to be placed upon the products of its members, has instituted an active label campaign throughout the American industrial farm colony for the unemployed.
