Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the food and mucous surfaces of the system. To Drain Arkansas Swamp.

Memphis, Tenn., Jan. 25.—A contract for one of the most gigantic drainage projects ever undertaken in the south was let today by an engineering firm of this city. The project involves the reclamation of sunken lands in northeastern Arkansas, supposed to have been caused by an earthquake about 100 years ago. About 300 square miles are included in the district. The contract calls for the construction of about 300 miles of ditches, 280 miles of which will be 40 to 50 feet wide and 15 feet deep. The main ditch will be 55 miles long. Surplus water will be led into the St. Francis and Tyrone rivers. The reclamation will cost about \$1,500,000.

In Memory of John Bunyan.

London, Jan. 25.—After a lapse of nearly two and a quarter centuries since his death, London paid a belated tribute to the memory of John Bunyan today, when the national memorial window in the north transept of Westminster abbey was unveiled with impressive ceremonies. The memorial to the "inspired tinker" was designed by J. N. Cowper and executed at a cost of \$6,000, raised by popular subscription. The window, designed in two sections, illustrates some of the chief scenes and episodes in Bunyan's immortal "Pilgrim's Progress."
