Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

Gun Wounds Inflicted by Tramp May Be Healed.

Charles Silk, the O-W. R. & N. switchman who a few days ago was assaulted and shot at Umatilla by John Larey, a man whom he said he had befriended, was taken from the hospital in this city Saturday evening to Portland, where he will be placed in care of one of the railroad company's surgeons at the St. Vincent's hospital, says a Pendleton paper. Although Silk sustained four bullet wounds and a severe beating, this condition is said to be improving and there is a good chance for his recovery.

Larey, who was arrested in connection with the case, will be held in custody here until the next session of the circuit court, when he will arraigned on a charge of assault with a deadly weapon.
