Satisfied Users

The best asset of a public service corporation, or any other business for that matter, is a satisfied customer.

It has always been the policy of this company to furnish the best possible service to its patrons, under all conditions, and to bring electric lights within the reach of all.

More people, per 1,000 inhabitants, are using electric lights in La Grande, than in any other town in Eastern Oregon.

It is very gratifying to know that our policy has met with success, and we shall strive to merit a continuance of our present patronage.

The number of consumers is growing daily, and we will be glad to add your name to the list, if you are not already one of them. Call at our office for rates, or ring up Main 34.
