VAPOE TREATMENT.

For Catarrh, Colds, Coughs, Sore Throat and Bronchitis.

Everybody knows that breathing HYOMEI a few times a day through the little hard rubber pocket inhaler will in a short time drive out catarrh. Many people regularly use the vapor treatment at night in conjunction with the inhaler, claiming that it hastens results.

This is the vapor treatment: Into a bowl three quarters full of boiling water pour a scant teaspoonful of HYOMEI, cover head and bowl with towel and breathe for five minutes the soothing, healing, antiseptic HYOMEI vapor. Try it when using HYOMEI for any nose or throat ailment.

HYOMEI is guaranteed by the Newlin Drug company to put an end to catarrh, or money back. A bottle of HYOMEI costs 50 cents; a complete outfit, which includes inhaler, \$1.00.
