A TREACHEROUS TROUBLE.
La Grande People Are Shown the Way Out.

Kidney diseases are very dangerous. They come on silently, gain ground rapidly and cause thousands of deaths that could have been prevented by proper treatment in the beginning. Nature gives early warnings of kidney disease—backache, twinges of pain when stooping or lifting, headaches and urinary disorders. If these symptoms are unheeded, there is grave danger of dropsy or fatal Bright's disease. Doan's Kidney Pills have earned a reputation for their effectiveness in kidney troubles, and are known and recommended the world over. La Grande readers should find convincing proof in the following statement. It's from a citizen of this locality.

John Torengo, Cracker St., Sumpter, Ore., says: "Last spring my kidneys were disordered and I began to suffer from backache. I noticed that the kidney secretions were highly colored and painful in passage and I thus knew that my kidneys were at fault. The use of one box of Doan's Kidney Pills toned up my kidneys and caused the backache to cease. I am grateful to Doan's Kidney Pills for what they did for me."
