Along the Panama canal the sun will be the lamplighter. The heat of its rays will close copper cylinders, shutting off the gas during the day; in the coolness of evening the cylinders will expand and open and a tiny pilot flame will ignite the acetylene gas.

The council cannot afford to let any community affair completely overshadow its movement to gravel the highways leading to the city limits.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
