

# The Autopiano

"Over Twice as Many Autopianos in Use as Any Other Player Piano Made."

"THE LEADER OF THE WORLD"

The success of the marvelous Autopiano has been simply phenomenal. No other player piano can compare with it. This is the verdict of the World's foremost musicians and inventors, Europe royalty and America's Moneyed Men.

## Make Your Home a Musical One Now

Think of it. You can play an Autopiano—you can play any of the master pieces of the worlds greatest composers, better, without practice, than can the ablest musicians after weeks of tedious study. The Autopiano furnishes perfect technique and your soul is allowed full sway and instinctly thro' the soloist buttons you bring forth the feeling and expression that makes the charm of music. Don't have a piano that is only a piece of furniture, something that stands a mute monument to your inability to play, that speaks only when some more talented friend

comes and touches the keys and momentarily delights you; only leaves you feeling more keenly than ever that you cannot bring forth the melody that is latent within you.

Within you there are feelings that are moved whenever you hear music. You can always enjoy that other self of yours if you own an Autopiano—a gen-

uine Autopiano. And you can. If you already own a silent piano, we will accept it as part payment for an Autopiano. And the price is but little more than that of a good upright.

We want you to come and hear an Autopiano. Yes, and play one. A fine full stock is being shown at

The Nation's Largest—Forty stores selling more than half the Pianos and Player Pianos marketed on the Pacific Coast.

**MONEY TO LOAN**  
On real estate, if you have an abstract of title prepared by a responsible Abstracter, says the money lender. He won't lend you a cent unless you produce the abstract, and you can't blame him for wanting the protection. Money lending is his means of support and he can't afford to take any chances, therefore he demands an abstract and makes himself secure.  
Our abstracts will satisfy the money lender and secure you a loan. What is the description of your property.

**Madam! If your husband won't provide electric lights for you, make him**  
look after the oil lamps. Let him see how much time it takes daily to clean, fill and trim them, that might be employed in more profitable pursuit.  
Oil lamps are a nuisance. They are most unsatisfactory lights at best. They smoke, flare and give out noxious gases. Perfect ventilation is impossible because it isn't safe to raise the windows where there are curtains to be blown. Then an open window makes an unsteady light, which means danger from explosion.  
Doughtless there are some people who will always use oil lamps, but the vast majority are realizing that, measured by the standard of service, electric lights are the cheapest and best. Phone us for rates. Main 34.
